# 9.1.2 STATEMENT OF FINANCIAL ACTIVITY

Submission to:

Ordinary Meeting of Council

Location/Address:

Not applicable Clare Thomson

Reporting Officer: Enabling Legislation:

Local Government (Financial Management)

Regulations 1996

Council Policy:

Nil Nil

Budget Implications: File Reference:

CMR 7

Voting Requirements:

Simple majority

# Background

Local Government (Financial Management) Regulations 1996, section 34, provides for monthly financial reporting requirements for local government.

#### Comment

A Statement of Financial Activity has been prepared for period ending 30 November 2011 in accordance with the abovementioned legislation and circulated with the Council Meeting Agenda.

# OFFICERS RECOMMENDATION:

That the Statement of Financial Activity, as circulated, for the Shire of Cuballing for period ending 30 November 2011, be received.

Moved: Cr Conley

Seconded: Cr McDougall

Carried 6/0

Shire of Cuballing Bank Reconciliation as at 30 November 2011

# Shire of Cuballing Notes on financial reports for November

# **General Purpose Funding**

Rates

At present an amount of \$744,824 has been raised in rates with a discount of \$45,834. Debtors at the end of November are \$90,952.

Grants

Grant funding of \$520,571 from various funding sources have been received.

# Governance

Conferences

This is the cost of councillors attend local government week.

**Subscriptions** 

This includes subscriptions to WALGA of \$17,072, Timebase of \$218 and Central Country Zone of \$2,800.

# Law Order Public Safety

Grant and Subsidies

The first and second quarterly grant payments from FESA have been received together with an administration fee of \$4,000. We have also had to account for the sale of the Popo land cruiser for no monetary consideration. It is just a book entry of \$8,662 being received and the same amount has been expensed under other goods and services.

# Recreation and Culture

Dryandra Regional Grants

Council has received the first part of the grant of \$83,390 from the Department of Sport and Rec for the Equestrian Centre.

# **Transport**

**Grant Funding** 

Grant funding of \$666,035 has been received from various funding bodies.

Depot Maintenance

This includes restricted keys and locks to the total of \$1,780, constructing a concrete bunker at the depot at a cost of \$4,485.

Grading Maintenance

This is the grading carried out on varies roads throughout the Shire.

General Maintenance

This includes an amount of \$357,994 paid to contractors for cleaning up after the storm that occurred in January 2011. A proportion of these costs will be reimbursed to the Shire.

# Other Property and Services

Private Works

To date an amount of \$25,706 has been received from private works. The main income items are plant hire charges of \$8,286.65 and sand/gravel sales of \$15,991.32. Parts and repairs

# Shire of Cuballing Notes on financial reports for November

This includes unforseen expenditure on parts for the roller of \$9,204, and grader blades of \$9,642.

# **Other Notes**

# **Depreciation**

No depreciation has been charged on the accounts as yet as the 2011 financials have not been audited. The written down value of the assets in the asset program are not updated until the final depreciation has been run – I will do this once the accounts are audited.

# Profit/Loss on sale of Assets

Once depreciation has been finalised I will be calculating the profit/loss on plant items that have been sold.

All land except exempt land in the Shire of Cuballing is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources The general rates detailed above for the 2008/09 financial year have been determined by Council on the basis of raising the revenue required other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year. The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

# 9.2.2 MANAGEMENT CUBALLING REFUSE SITE

Submission to: Ordinary Meeting of Council

Location/Address: Cuballing Refuse Site, Lot 350 Brundell Street,

Cuballing

Reporting Officer: Monique D'Alton, Admin/Payroll Officer

Enabling Legislation: Local Government Act 1995

Council Policy: Name of Policy: Policy

Provision included on 2011/2012 Budget

File Reference: Health 10a

Voting Requirements: Absolute Majority

# Background

Council previously entered into agreement with Great Southern Waste Disposal (GSWD) to manage the operation of the Cuballing Refuse site for the twelve-month period 1 September 2009 to 31 August 2010. The letter of agreement provided for two five-year optional extensions to the contract, subject to the satisfaction of both parties.

#### Comment

Following the initial success in the change of operations and management for the refuse site it is proposed that Council enters into a contract with GSWD for a further twelve-month period. As this agreement is long overdue for review, the period as stated, will commence 17 December 2011 to 16 December 2012.

Whilst the original agreement did allow for five year extensions, that is not being proposed at this stage as Council is still waiting finalisation of the Strategic Waste Management Plan (SWMP) and is a member of the Wagin Group who are in the process of developing a regional waste site.. The SWMP may provide clear recommendations on the future of refuse sites within the Shire and they could vary significantly to the existing operations.

A summary of the proposed new contract (with amendments in bold ) and conditions between the Shire of Cuballing and GSWD follows:

- Remuneration: \$31,181 (GST ex) per annum ( to be reviewed annually)- this increase has been included in the Shire of Cuballing Budget for 2011/2012.
- Opening Hours/Days:

Saturday 11:00am to 5:00pm Sunday 10:00am to 5:00pm Monday 8:00am to 1:00pm

- Refuse site will be closed on Anzac Day, Good Friday and Christmas Day ( Should one of the days fall on one of the scheduled opening days.)
- GSWD to provide site manager during hours of operation to oversee recycling activities and supervise offloading of refuse into respective areas.
- GSWD will be responsible for all recycling activities.
- GSWD responsible to ensure refuse site is maintained in a presentable manner and ensure there is a clear access to and from tipping areas at all times.
  - GSWD receive all salvaging rights for refuse disposed of at the refuse site, including steel products.

- GSWD responsible for recording all non ratepayers users and ratepayer
  users disposing of waste for which council has adopted a charge in the
  annual budget. (see attached). A copy of the recorded information to
  include the appropriate charge and be provided to the Administration
  office in order that a charge may be raised.
- Shire of Cuballing to push up and cover landfill dumping area on a weekly basis.
- · Shire of Cuballing to responsible for burning of green waste
- Shire of Cuballing responsible for provision of appropriate signage and shed/shelter at the site for recycling
- Shire of Cuballing to provide lunchroom ( caravan), toilet, generator, water tank and other facilities/amenities considered reasonably appropriate/ necessary for the site manager

It is not proposed the opening hours/days, for the refuse site be changed as they appear to be satisfactory.

#### OFFICER RECOMMENDATION:

That Council enter into a contract with great southern Waste Disposal for management of the Cuballing Refuse Site for twelve month period 17 December 2011 to 16 December 2012, as per the contract conditions contained in the above mentioned report; and

Authorise the President and the CEO to sign the amended agreement.

Moved: Cr Newman Seconded: Cr Hawksley

# Shire of Cuballing and Great Southern Waste Disposal Contractual Agreement for Management of Cuballing Refuse site

This contractual agreement is for the management of the Cuballing Refuse site by Great Southern Waste Disposal (GSWD) for twelve (12) month period 17 December 2011 to 16 December 2012.

Summary of conditions of contract is hereunder:

- Remuneration: \$31,181 (GST ex) per annum (to be reviewed annually)- this increase has been included in the Shire of Cuballing Budget for 2011/2012.
- Opening Hours/Days:

Saturday

11:00am to 5:00pm

Sunday

10:00am to 5:00pm

Monday

8:00am to 1:00pm

- Refuse site will be closed on Anzac Day, Good Friday and Christmas Day ( Should one of the days fall on one of the scheduled opening days.)
- GSWD to provide site manager during hours of operation to oversee recycling activities and supervise offloading of refuse into respective areas.
- GSWD to provide site manager with suitable customer service skills.
- GSWD will be responsible for all recycling activities.
- GSWD responsible to ensure refuse site is maintained in a presentable manner and ensure there is a clear access to and from tipping areas at all times.
- GSWD receive all salvaging rights for refuse disposed of at the refuse site, including steel products.
- GSWD responsible for issuing non ratepayers users and ratepayer users disposing of waste for which council has adopted a charge in the annual budget. (see attached)
- Shire of Cuballing to push up and cover landfill dumping area on a weekly basis.
- Shire of Cuballing to be responsible for burning of green waste
- Shire of Cuballing responsible for provision of appropriate signage and shed/shelter at the site for recycling
- Shire of Cuballing to provide lunchroom ( caravan), toilet, generator, water tank and other facilities/amenities considered reasonably appropriate/ necessary for the comfort of the site manager

# 9.2.4 DRYANDRA VOLUNTARY REGIONAL ORGANISATION OF COUNCILS

Location/Address:

Not Applicable

Reporting Officer:

Eva Haydon - Chief Executive Officer

**Enabling Legislation:** 

Local Government Act 1995

Council Policy: Budget Implications:

Nil Nil

File Reference:

Voting Requirements:

Absolute Majority

# Background

In order for Councils to receive the Regional Component of the Country Local Government Fund (CLGF) Councils must advise which regional grouping they wish to be a part of. The Shire of Cuballing belongs to the Dryandra Voluntary Regional Organisation of Councils, together with the Shires of Narrogin, Wickepin and Wandering; and the Town of Narrogin.

The Wheatbelt Development Commission held a forum recently and outlined more stringent requirements for projects to be submitted for regional CLGF funding.

Just prior to that forum the CEO of the Shire of Wandering produced a draft five year plan which contained projects discussed at a meeting between the member Council representatives earlier this year. The plan has since been modified slightly and is presented for Council comment.

Applications for 2011/12 funding, together with a current business case must be submitted on or before the following dates:

30 November 2011

28 February 2012

28 May 2012

The Shire of Cuballing's Forward Capital Works Plan includes the following for the 2011/12 financial year:

Dryandra Regional Equestrian Park Clubhouse

\$240,000

Regional Waste Site Land

\$60,000

It is not anticipated that CLGF funds will be received or expended in the 2011/12 financial year.

#### Comment

Funding submissions for projects that are not on Council's Forward Capital Works Plan will not be considered therefore it is extremely unlikely that IT Integration will be approved unless Council's Plan is amended, however, given that plant and equipment are not eligible expenditure items under current CLGF guidelines, it is also doubtful that approval will be granted for this expenditure.

The balance of the items are for Council consideration and subsequent decision.

# 9.2.5 Wagin Group Regional Waste Site

Location/Address:

Whole of shire

Reporting Officer:

Eva Haydon – Chief Executive Officer Local Government Act 1995 (as amended)

Enabling Legislation: Council Policy:

NII

**Budget Implications:** 

Nil for current budget

File Reference:

Voting Requirements:

Simple Majority

# **Background**

Council resolved to retain membership of the "Wagin Group" in August 2011. The Council decision is as follows

#### That:

- 1 The Shire of Cuballing continue their membership of the Wagin Regional Landfill Group, subject to the Town of Narrogin retaining their membership of the group; and
- 2 The President and Chief Executive Officer be delegated authority to sign a Memorandum of Understanding (MOU), subject to the following:
- a. The number of member Councils in the Wagin Regional Landfill Group remain at eleven (inclusive of the Town of Narrogin;
- An indication of potential costs and sources of funding be included in the MOU; and
- c. Relevant approvals, following community consultation with landowners surrounding the potential site, are received from WA Planning Commission and Department of Environment and Conservation.

Moved: Cr Newman

Seconded: Cr Meharry

Carried by Absolute Majority

#### Comment

The agenda for the Wagin Regional Waste Group meeting is attached and as item 6.1 recommends that the group accept the withdrawal of the Shire of Woodanilling, the author has brought it to Council's attention in light of point 2 a. of the August 2011 decision. Should Council continue to hold membership of the group of 10 Councils, the author believes that the item should be amended to read as follows:

That the Wagin Regional Waste Group:

- 1 Accept the withdrawal of the Shire of Woodanilling from the Wagin Regional Waste Group; and
- 2 Agree to the Shire of Woodanilling's use of the site on a user pays basis in the future

#### OFFICER RECOMMENDATION:

# That:

- 1 The Shire of Cuballing continue membership of the Wagin Regional Waste Group; and
- 2 The Chief Executive Officer request that Item 6.1 be amended to read as follows:

That the Wagin Regional Waste Group:

- 1. Accept the withdrawal of the Shire of Woodanilling from the Wagin Regional Waste Group; and
- 2. Agree to the Shire of Woodanilling's use of the site on a user pays basis in the future.

# COUNCIL DECISION:

#### That:

1. Council consider revoking Decision 11.1.2 for the August 2011 Ordinary meeting of Council

Moved: Cr Haslam

Seconded: Cr Newman

Carried by Absolute Majority 6/0

# **COUNCIL DECISION:**

# That:

- 1 The Shire of Cuballing continue membership of the Wagin Regional Waste Group; and
- 2 The Chief Executive Officer request that Item 6.1 be amended to read as follows:

That the Wagin Regional Waste Group:

- 1. Accept the withdrawal of the Shire of Woodanilling from the Wagin Regional Waste Group; and
- 2. Advise the Shire of Woodanilling that use of site will be negotiated in the future.

Moved: Cr Conley S

Seconded: Cr McDougall

Carried 6/0

# COUNCIL DECISION:

That:

1. Council revoke Decision 11.1.2 from the August 2011 Ordinary meeting of Council

Moved: Cr Haslam

Seconded: Cr Newman

Carried by Absolute Majority 6/0

## Wagin Regional Waste Group meeting.

To be held at the Town of Narrogin Friday 9th December 2011 commencing at 10.00AM

#### 6.1 Group Participation

LOCATION:

**PROPONENT: Project Manager Strategic Waste** 

**REPORTING OFFICER: Project Manager Strategic Waste** 

**ATTACHMENT:** Letter from Shire of Woodanilling 1<sup>st</sup> November 2011 Letter from Shire of Lake Grace 18<sup>th</sup> January 2011

#### **Summary**

Participating Councils within the Group, initially twelve, were reduced in January 2011 by the withdrawal of the Lake Grace Shire. The Shire of Woodanilling, effective their 18<sup>th</sup> October Council meeting, confirmed that it does not wish to continue its membership however would like to reserve the right to use the regional facility on a user pays basis in the future if required.

#### **Background**

The Wagin Group of Councils for the Strategic Waste project consisted of twelve councils. Costs for project management and capital expenditure for a regional landfill site were to be equally divided.

#### Comment

With the withdrawal of two of the twelve councils, costs will be proportionally higher. Lake Grace has indicated that they may apply to re-enter the Group at a later date if the need arises.

#### **Statutory Environment**

Environmental Protection Act 1986 Environmental Protection (Rural Landfill) Regulations 1997 Waste Avoidance and Resource Recovery Act 2007

#### **Policy Implications**

N/A

#### **Budget Implications**

N/A

#### Officer's Recommendation

Moved:

Seconded:

That the Group accept the reduced membership and continue the project as planned. Additionally, the Group agree to the Shire of Woodanilling's request for future rights.

Wagin Regional Refuse Group c/o Len Calneggia Chief Executive Officer Shire of Wagin PO Box 200 WAGIN WA 6315

Dear Len.

#### WAGIN REGIONAL REFUSE GROUP - SHIRE OF LAKE GRACE PARTICIPATION

This is to formally confirm that as per our previous discussions, and following a review of the report submitted by Landform, the Shire of Lake Grace wishes to advise the Wagin Regional Refuse Group of its decision to not participate in the establishment of the Regional Landfill Scheme and to withdraw its membership from the Group.

Not withstanding the above, the Shire also wishes to acknowledge that it may apply to re-enter the Wagin Regional Refuse Group at a later date should the need arise.

Wishing the Group every success as it moves forward in pursuit of a regional landfill facility and should you wish to discuss the matter further please don't hesitate to contact me on 99890 2500.

retel

Yours faithfully.

Sean Fletcher

CHIEF EXECUTIVE OFFICER

18 January 2011

Mr J Case Project Manager Strategic Waste Wagin Group Zero Waste PO Box 200 WAGIN WA 6315

Dear John

#### MEMBERSHIP OF WAGIN GROUP

Council at its meeting of 18th October 2011 resolved as follows:

"Moved Cr Kowald seconded Cr Morrell that Council confirms that it does not wish to continue its membership of the Regional Landfill Group however Council would like to reserve the right to utilise the regional facility on a user pays basis in the future if required."

Please keep us on the mailing list for Agendas and Minutes as we are still interested in the progress of the Group.

Kind Regards,

BELINDA KNIGHT CHIEF EXECUTIVE OFFICER

1 November 2011

#### 6.2 REGIONAL LANDFILL SITE INVESTIGATION PROGRESS

LOCATION:

**PROPONENT: Project Manager Strategic Waste** 

**REPORTING OFFICER: Project Manager Strategic Waste** 

ATTACHMENT: Meeting notes of Working Group phone conference 21st October

2011

Meeting notes with Mr and Mrs Bardwell 14<sup>th</sup> October 2011

Meeting notes of Working Group phone conference 1st August

2011

Proposed Advertisement in local newspapers

#### Summary

The search for an acceptable Regional Landfill site is continuing. The initial sites that were investigated, including laboratory testing of soil samples have issues pertaining to each which will be brought to the attention of all at the meeting. A proposal to openly advertise for prospective rural sites is the next alternative.

#### **Background**

At the beginning of the Regional Landfill project, three blocks of land were identified as having potential for a site. Each had the support of the landowner who was willing to allow the soil testing and discuss potential sale of the land. The first site identified near Cuballing was unavailable. The owners were not willing to cooperate.

The second site at Tarwonga had saline water table in close proximity; however another parcel of land nearby was suggested and tested for suitability. The laboratory results were acceptable but conditions placed on the sale of the land need further discussions.

The site at Piesseville was found to be suitable on a geological basis, however was removed from availability due to concerns of neighbouring landholders.

#### Comment

Landform Research consultant is reviewing the earlier maps with alternative sites that may be suitable. The key parameter on finding suitable land is the willingness to sell at a reasonable price and a reasonable buffer distance from neighbouring homesteads. Rural land properties in the agreed area have been investigated via the internet by the author for suitability at a reasonable price. One property does stand out on Koobadong Road. It has 323 acres for \$420,000 which is negotiable. A desktop assessment by the consultant believes it to be worth investigating.

#### **Statutory Environment**

Environmental Protection Act 1986 Environmental Protection (Rural Landfill) Regulations 1997 Waste Avoidance and Resource Recovery Act 2007

## **Policy Implications**

N/A

## **Budget Implications**

N/A

#### Officer's Recommendation

Moved:

Seconded:

That the Group nominate a representative of the Working Group to discuss further the conditions set by the Bardwells, and if a reasonable result is not achieved, to advise them that the Group will look elsewhere initially by local advertising.

## Notes of Regional Landfill Site Working Group Phone Conference, 21<sup>st</sup> October 2011.

## 8. OPENING (10.00 am Friday 21st October 2011 at the Shire of Wagin Office)

#### 9. ATTENDANCE

Len Calneggia CEO, Wagin (Chairperson)

Ryan Duff CEO, Williams

Geoff McKeown CEO, Shire of Narrogin Henry Van Der Ende CEO, Dumbleyung

Lindsay Stephens Consultant, Landform Research
John Case Project Manager, Strategic Waste

**APOLOGIES** 

Mick Oliver CEO, Pingelly

#### 10. DECLARATION OF INTEREST

Nil

#### 11. Telephone Conference Discussion Points

- Len opened the conference and asked if Geoff would take the lead in advising members of his meeting with Bardwell's last week.
- Geoff advised the reason for the meeting was to discuss items that Harry Bardwell would like included in the MOU. Harry's wife Chris and John Case were also at the meeting.
- Geoff advised that John Case had taken notes at the meeting and suggested that John read them out
- The notes of the meeting (see attached) were read to the conference participants
- Geoff advised that many were management plan items relating to DEC approval. He also said that he had spoken to Greg Durell, who is the DEC Manager in Narrogin, whom advised that the purchase of the bush blocks would be declined by DEC, however Bardwell's had not yet been advised of this.
- Ryan said he was disappointed in the situation although the 100m buffer was OK
- Henry believed that the conditions requested were excessive.
- Lindsay indicated that many of the items were included in the management plan and the Bardwells should be invited to comment on the plan. He agreed

- that the land reverting to bush block at the end was appropriate, and there may be subdivision issues on the bush blocks.
- Len advised that although not yet official, Woodanilling were going to drop out of the Group and the costs would be divided by only ten members; the costs were too high.
- Len advised that he had John talk to Ross regarding the issues on the Walker Road site with a suggestion to talk to his neighbor regarding a proposal to site the landfill over the hill or even further back by a reserve adjoining his land.
- Further, Len suggested we look at the other land sites identified by Lindsay initially.
- Henry asked about the RTG, what were they doing
- Geoff advised that no formal discussions on the RTG had taken place, however Brian Robinson, the new Director of technical Services at the Town of Narrogin had seemed more positive on the regional site that his predecessor.
- Len Asked what action next
- Henry advised to look for another player
- · Ryan agreed
- Geoff was asked to summarise Bardwells offer
- Lindsay suggested that the Walker road site could be resolved if there was an offer to purchase the buffer zone from the neighbours
- Lindsay was requested to review the previous site identified and maybe we write to the owners.
- Henry advised that with the carbon tax, some buffers may be useful
- Len advised that we will summarise the discussions, sending notes of the conference calls and meeting with Bardwell and the action planned to look at alternative sites. It was suggested by John that we could advertise in the local papers for expressions of interest of landholders in the original nominated areas for suitable sites.
- We will plan a meeting for all prior to Christmas.

- Ryan asked about the Pertwaste interest shown in utilizing the Bannister site
- Lindsay said that volume was the key for them
- Len asked Geoff to advise Bardwells that we will come back to them by Christmas.
- Geoff asked about the Wheatbelt Country Local Government fund and whether the 4WD were planning to look at land purchases from this
- Len advised that they were committed to the Aged Housing Projects.
- Geoff asked if 4WD would support if Dryandra VROC put it up
- Len advised that the guidelines were not known.

Conference closed at 1030hrs.

#### **Meeting Notes**

When: 1300hrs 14th October, 2011

Venue Shire of Narrogin Administration Building

Participants: Geoff McKeown (CEO Shire of Narrogin), Harry and Chris Bardwell

(Landowners), John Case (Project Manager Strategic Waste)

Subject: Landowners request for items to include in proposed MOU between Regional Refuse Group and Bardwell's

- It was agreed that the Landfill site was the designated site identified in the Landform Research map issued July 2011 comprising approximately 178 acres or 72 hectares.
- Harry Bardwell advised that the Landfill site was not for sale unless at least one of the original bush block originally earmarked for sale to DEC was included. The price for the two bush blocks, comprising approximately 300 acres in total, was set at \$350,000 for the pair. For the purchase of one only, it would be valued at \$175,000. This would make the Landfill site cost now \$775,000 if DEC declined the purchase. An emailed request for the purchase had been sent to DEC by Harry, but he had not been advised of the outcome.
- A timeline proposed for DEC acceptance would be February 2012.
- A proposed timeline for a draft MOU would be a draft by the end of November, to participating Councils in December, for approvals by the end of February, and finalisation by August 2012 when it could be assumed that new budgets would be set in each of the participating Councils. Geoff pointed out that this would be the minimum achievable as the planning processes including subdivision, community consultation and environmental approvals would need a minimum of six months.
- Items requested to include in the MOU are
  - o Additional bush block as above'
  - Land to revert to forest at closure of landfill
  - Council support of a 100m native treed buffer of 100m width on all of east side of landfill and 50% of southern side. Bardwell's will supply manpower to plant if Councils supply seedlings
  - Soil test data inclusion in document
  - Description of anticipated landfill product and quantity
  - Access restrictions to site for general public
  - Green waste not to be landfilled
  - Greenwaste collection and storage for processing to recycling is acceptable

- o All boundary fencing at Council cost
- o Fire control management plan
- No introduced species of flora/weeds
- o Item regarding insurance coverage and compensation arrangements
- Monitoring bores information including frequency of reports and actions required
- o Expected life of the facility
- o If land is closed from a landfill site it is to revert to rural only
- o For bush blocks only native forest (conservation covenant)
- A request to arrange a visit to the Kondinin Shire to visit the Bendering landfill site and talk to the surrounding landowners. John Case to organize within the next few weeks with Peter Webster.

Meeting Closed 1410hrs.

## Notes of Regional Landfill Site Working Group Phone Conference, 1st August 2011.

## 12. OPENING (11.00 am Monday, 1st<sup>th</sup> August 2011 at the Shire of Wagin Office)

#### 13. ATTENDANCE

Ryan Duff CEO, Williams

Geoff McKeown CEO, Shire of Narrogin

Mick Oliver CEO, Pingelly Henry Van Der Ende CEO, Dumbleyung

Colin Bastow A/CEO, Town of Narrogin
Lindsay Stephens Consultant, Landform Research
John Case Project Manager, Strategic Waste

#### **APOLOGIES**

Nil

#### 14. DECLARATION OF INTEREST

Nil

#### 15. Telephone Conference Discussion Points

Len welcomed all and advised that although the proposal was to meet in Perth while at the Local Government Conference, it was not convenient for everybody, and the phone conference was suggested.

- Ross Goldsmith has had sufficient pressure put on him by local community
  members that he has advised in writing that he now withdraws his property
  on Walkers Road at Piesseville from the options of a Regional Landfill site.
- The Group need to now consider the option of the Tarwonga site only or do we start again looking for another potential site.
- Henry advised that it would be too cost prohibitive if we had to line the pit at the site
- Lindsay indicated that a liner would not be required at Tarwonga
- Mick advised that although the premium price requested was too high, the process of finding another site was too slow, we need to proceed with haste
- Ryan advised that although the premium requested was high, it was not a
  great deal when all participants are paying a part of it
- Colin advised that they are looking at the RTG first, it is a timing thing
- Len asked "are you dropping out?"
- Mick advised that it was unlikely, but RTG is possible, don't believe we can wait only looking at the sharing of funds
- Colin said "still looking at it"
- Henry advised could divide by population; equity stay as is
- Len asked Geoff "Progress so far?"
- Geoff said that if we were to look for another site we need all haste
- Colin asked for information on the project so far

- Len said that Wagin's view is to move on Tarwonga
- Ryan said that 'we have to get Council support'
- Len asked if we need a meeting, for Councils agreement we need an agenda item
- Geoff explained Mr Bardwell's position in regard to the land and the DEC option
- An agenda item for the steering committee was discussed with options subject to approvals of local community, planning approval for subdivision, DEC approvals to operate and all LG names included
- John to prepare this and send to all of the group
- Henry wanted to know "Who is in?"
- Mick agreed
- Geoff said that an agenda item will prompt all
- Geoff said that for the Community Consultation stage, Harry Bardwell wanted to be included.
- Lindsay asked about the surrounding landowners for the site
- Geoff will write to all surrounding landowners with properties within 3-4 Kilometers
- Henry said to "lock in the option first"
- Len agreed
- Lindsay said that if locals had questions, the consultation should be on site
- Geoff said he would need a view of what the site would be like Lindsay and Geoff would liaise
- Mick suggested to use Bendering's photographs
- 16. The next meeting has not been scheduled.
- 17. CLOSURE 11.50 am

#### Proposed advertisement for local newspapers

The Shire of Wagin is lead Council with a group of Councils consisting West Arthur, Williams, Dumbleyung, Shire and Town of Narrogin, Wickepin, Pingelly, Cuballing and Wandering. We wish to hear from landholders of rural land whom might be interested in selling or leasing appropriate rural land for a small regional landfill site for our rural communities. The site is intended to be managed and not available to the public

The land would need a reasonable buffer zone from surrounding dwellings and have good transport access. Ideally the land is cleared, away from creeks or rivers and generally within the Narrogin or Wagin Shires.

Proposals should in the first instance be sent to the Project Manager Strategic Waste at the Shire of Wagin. A preliminary desktop geological assessment will be undertaken on all sites by the projects consultant and a prompt reply to interested parties regarding suitability is proposed.

## 6.3 Regional Group Grant Funding 2011-2016

LOCATION:

PROPONENT: Project Manager Strategic Waste

REPORTING OFFICER: Project Manager Strategic Waste

ATTACHMENT: Letter from DEC in June 2011

#### Summary

The Wagin Group of Councils Strategic Waste Project have complied with the preconditions set by the DEC to be eligible for the Regional Funding Program 2011/12 to 2015/16. Final details of the funding are not available to date however the author is in contact with the DEC and will advise members in due course.

#### **Background**

Brendan Mohr from the DEC attended our last meeting and advised members of the conditions for the Regional Funding Program.

#### Comment

The author visited each of the twelve members of the group and gathered data to complete the annual DEC census. Details were submitted within the timing requested and copies sent to members. An overriding comment was included on each document that the quantities were estimated only. Suggestions to improve the census were sent to the DEC consultants to make the future audits more applicable to non-metropolitan councils.

#### **Statutory Environment**

Environmental Protection Act 1986 Environmental Protection (Rural Landfill) Regulations 1997 Waste Avoidance and Resource Recovery Act 2007

#### **Policy Implications**

Dear

## A REQUEST FOR COMMITMENT TO REGIONAL GROUPINGS – REGIONAL FUNDING PROGRAM 2011/12 – 2015/16

From 2006-2008, the Waste Authority provided over \$2.8M to local governments under the Zero Waste Plan Development Scheme (ZWPDS) to establish base line data and support the development of Strategic Waste Management Plans (SWMPs) throughout the state. In response, twenty four (24) groupings of local governments and eleven (11) individual local governments developed SWMPs.

Subsequently in 2009, the Minister for Environment approved a Waste Authority Regional Funding Program (RFP) pilot. Under the pilot, regional groupings of local governments were allocated funds in excess of \$2.5M to assist in the implementation of priority actions contained in regional SWMPs.

Following the successful completion of the ZWPDS and RFP pilot, the Waste Authority has resolved to continue a RFP as the preferred method for supporting the ongoing implementation of local government SWMPs. The Minister for Environment and Water has now approved funding totalling \$6.78M for a RFP from 2011/12 to 2015/16. It is considered that running the RFP over five years will allow groupings of local governments adequate time to plan and implement strategic projects.

In phase 1 of the RFP, groupings of local governments will receive notional allocations of funding based on the number of local governments in the group, regional weightings, population and an allocation for updating SWMP's. Notional allocations made in phase 1 that are not committed by 27 December 2013 will be directed into Phase 2 of the RFP.

Phase 2 will comprise a competitive funding process where groupings of local governments that have finalised commitment of funding from phase 1 can compete for project funding based on best value for money, alignment with the nature of targets outlined in the draft Waste Strategy and consistency with the principles and objectives of the program. Both phase 1 and phase 2 funding must be fully committed prior to 26 June 2015 or its availability will lapse.

Please note that RFP funding will only be available to groupings of two or more local governments, individual local governments will not be eligible. Funding allocation and payment is also dependent upon all participating local governments within the RCG having completed and submitted the current or most recent annual census of local government waste and recycling services.

In order for the Department of Environment and Conservation (DEC) to finalise group funding allocations in phase 1, you are invited to email Brendan Mohr at <a href="mailto:brendan.mohr@dec.wa.gov.au">brendan.mohr@dec.wa.gov.au</a> with a list of local governments that you intend to work with as part of the Regional Funding Program. This information may be provided by a lead local government on behalf of a proposed grouping, based on relevant supporting information, and is required by close of business, Friday 6 January 2012. Groups notifying after this date will not be eligible for funding in phase 1 of the RFP.

Once your regional grouping has been finalised and allocations calculated, you will be advised of notional funding available to your group.

A number of information sessions regarding the RFP will be conducted in metropolitan and regional areas. Dates and locations will be advised when finalised.

For all enquiries regarding the program, please contact Mr Mohr on 6467 5297, or at the above email address.

Yours sincerely

Bernard Ryan

Manager

Waste Management Branch

#### 9.2.6 ANNUAL REPORT

Location/Address:

Not applicable

**Reporting Officer:** 

Eva Haydon - Chief Executive Officer

Enabling Legislation:

Local Government Act 1995

Local Government (Audit) Regulations 1996 Local Government (Financial Management)

Regulations)

Council Policy:

Nil Nil

Budget Implications: File Reference:

Finance 6

Voting Requirements:

**Absolute Majority** 

#### **Background**

Butler Settineri (Audit) Pty Ltd completed their final on-site Audit of Council's functions and operations for the 2010/2011 Financial Year in October 2011..

#### Comment

The Audit has been conducted in accordance with the Australian Audit Standards to ensure that during the reporting period the Shire of Cuballing complied with all statutory requirements, including the Local Government Act 1995 and associated Regulations. There were no Management Report Items advised by the auditors.

#### OFFICER RECOMMENDATION:

#### That:

- 1. The Audit Report for the financial year ended 30 June 2010 be received; and
- 2. The Annual Report for the financial year ended 30<sup>th</sup> June 2011 year be accepted.

Moved:

Seconded:

### **COUNCIL DECISION:**

#### That:

- 1. The Audit Report for the financial year ended 30 June 2010 be received;
- 2. The Annual Report for the financial year ended 30<sup>th</sup> June 2011 year be accepted; and
- 3. The audit committee meet with the auditor by telephone, at 1pm on 9 February 2012.

Moved: Cr Haslam

Seconded: Cr Hawksley

#### 9.2.7 ROADS TO RECOVERY FUNDING

Location/Address:

Whole of shire

Reporting Officer:

Eva Haydon - Chief Executive Officer

**Enabling Legislation:** 

Nil

Council Policy:
Budget Implications:

Nil Reduction in grant funding

File Reference:

Voting Requirements:

Simple Majority

#### **Background**

Council has received Roads to Recovery (R2R) funding since its inception and has carried out widening and reconstruction on Popanyinning West Road utilising these funds. Funds to undertake bridgeworks have also been received under this program.

The current (Federal) R2R program is due to expire in 2014 and the Australian Local Government Association is requesting that all Councils pass a resolution supporting the renewal of this funding and advise them directly of this support.

#### Comment

Nil

#### OFFICER RECOMMENDATION:

That the Australian Local Government Association be advised that the Shire of Cuballing strongly supports the renewal of Roads to Recovery funding.

Moved: Cr Hawksley

Seconded: Cr Conley

#### 9.2.8 COUNCILLOR RESIGNATION

Location/Address:

Whole of shire

Reporting Officer:

Eva Haydon – Chief Executive Officer Local Government Act 1995 (as amended)

Enabling Legislation: Council Policy:

Nil

**Budget Implications:** 

Dependant on decision

File Reference:

**Voting Requirements:** 

Dependant on decision

#### **Background**

Cr J Meharry has tendered her resignation to the President, effective 30 November 2011.

#### Comment

Council has two options to consider, with the first being the holding of an extraordinary election to fill the vacancy caused by the resignation. The second option is to apply to the Electoral Commissioner for approval under Section 4.17 (3) and (4) of the Local Government Act 1995, (following an absolute majority decision by Council) to reduce the offices of Council to six members.

#### COUNCIL DECISION:

That the electoral commissioner be requested to approve the reduction of the Shire of Cuballing number of officers of Council to six members.

Moved: Cr Hawksley

Seconded: Cr Conley

## 9.2.9 COMMERCIAL IN CONFIDENCE

Council Declined to act further in this matter.

### WORKS MANAGERS REPORT Up to 7<sup>th</sup> December 2011

#### SUMMER GRADING

Summer maintenance is ongoing, We have now had the opportunity to become proactive with our grading rather than reactive. Whilst the weather plays a big part in how and where we can continue grading, some areas we were having to skip grade. As the road surfaces were variable.

#### STORM DAMAGE

Storm Damage cleanup is ongoing. Bims Contracting are currently on Knights Lane after the completion of Parsons, Webb and Yornaning West Roads. Upon the completion of Knights Lane it is intended to undertake Forestry Road and then to Penny's road.

#### **CONSTRUCTION WORK**

Works on the Wandering Narrogin Rd are ongoing. All the pipe and box culverts have been installed. Gravel cartage has commenced and is likely to finish within the next week or so. Unfortunately the weather has not been conducive to good working conditions, sometimes too wet and other times movement of vehicle bans in place.

Even as I write this report the rain is bucketing down. We will be endeavouring to change dates for Western Stabilisers so as to undertake the cement stabilisation after the new year. This would allow us to complete the sealing prior to moving to the Papanyinning West road.

#### POPANYINNING WEST ROAD

Works will commence mid January of 2012. A survey for realignment will be undertaken at the same time. We are awaiting confirmation of assured funding prior to proceeding with the clearing of a few larger trees.

#### CULVERT INSTALLATIONS.

The culverts for Springhill Rd have been installed. Headwalls have been placed and drainage banks cut to suit. In addition culverts have also been installed at the Equestrian Centre.

#### STANDPIPE CONTROLLERS

Both Standpipe controllers are continuing to operate correctly.

#### DAM STORAGE

The fencing of the reticulation dam at the sportsground has been completed. All works for the reticulation dam have been tested to work satisfactorily.

#### **REFUSE SITES**

Both the Cuballing and Popanyinning refuse sites have been pushed/cleared on a regular basis. We are yet to fit gates to Daylesford Road to limit access to the Popanyinning refuse site. We are currently looking at a 1<sup>st</sup> February start for restricted access. Advertising and notification for the closure have been issued.

#### **BRIDGE MAINTENANCE**

An application has been submitted to the Grants Commission for the Shire of Cuballing 5 year Bridge Maintenance funding. This funding is subject to a successful audit of this current years bridge program works being performed to an acceptable standard..

Our 2011 bridge maintenance works program has been completed. Our five year program identified three normal annual maintenance bridges to complete and one other identified by MRWA to undertake. Works and material costs performed by contractors and our own staff are about \$4,200. Council receives an annual grant of approximately \$50000 to undertake bridge and culvert maintenance. Mr Tony Humphries of MRWA has advised that all grants monies are dependent on councils delivering on their five year bridge programs satisfactorily.

#### PLANT AND EQUIPMENT

All items of plant and equipment are being serviced and maintained as required, and generally in good working order.

Isuzu truck CN272 dropped a jackshaft last week. In so doing it destroyed the uni flange on the rear of the front differential. We have since obtained the required parts and the truck is once again fully operational.

#### **STAFF**

All staff members generally appear to be working well with each other and enjoying their varied tasks. Terry Clark has resumed work on light duties. Terry is limited in the tasks he can currently undertake.

#### **PRIVATE WORKS**

Only works such as sand and gravel deliveries has been undertaken in the last month.

#### **EQUESTRIAN CENTRE**

Cuballing Concrete has commenced work on the retaining wall at the undercover arena. The footings have been placed. It is hoped that the walls will be completed within the 7 to 10 days. There is still some metal dust to be carted and spread prior to the surfacing contractor carting and spreading the final surface material. A pump and spraying system is being evaluated to enable the equestrian clubs to keep their surface moisture to a suitable level.

#### ROADSIDE SPRAYING

Design of a more suitable roadside spraying setup is continuing. The system should allow for a spray width of up to five metres when required. It is intended to utilise the three tonne truck next year for our roadside spraying tasks. It has the capacity to carry a substantial amount of water/chemical mix which will eliminate the additional travel times involved in refilling.

#### **GRAIN FREIGHT ROUTE**

An agenda item for council to consider the calling of tenders for the Grain Freight works is current for the December meeting.

Mr Dan Turner has been engaged to assist in the tender documentation and final scope of works.

Discussion is needed on whether we employ Dan Turner to oversee the works should a tender be awarded.

#### **FOOTPATH WORKS**

The old slabs at the Alton St footpath works will be moved in the next couple of days.

We will then undertake the required earthworks in preparation for the laying of the concrete path.

Tree planter liners will be inserted at regular intervals to allow the growing of some mature trees without effect on the path in the future.

#### **BLACKSPOT FUNDING**

Council has been indirectly informed that we have been successful for Blackspot Funding for works on the Wandering Narrogin Rd. We originally submitted applications for two sites. I am not sure which application or whether both for that matter have been approved.

Bob Walker

Works Manager.

#### 9.4.1 POPANYINNING TOWN HALL

Submission to:

Ordinary Meeting of Council

Location/Address:

Whole of Shire

Reporting Officer:

Allan Ramsay, Environmental Health Officer/Building Surveyor

Shire of Cuballing Health Local Law 2007 Shire of Cuballing Town Planning Scheme No 2

**Budget Implications: Nil** 

CMR 2

File Reference:

Voting Requirements: Simple majority

#### Background

During repair work to the fascia boards at the Popanyinning Hall the contract carpenters noted a severe sag in the roof structure. After pulling off a couple of acoustic ceiling panels inside the hall it was evident that the sag in the roof was caused by damaged rafters.

#### **Building Surveyors Comment**

During an inspection of the Popanyinning Hall on the 1 December 2011 the following was noted:

- 1. The rafters in the middle of the roof were spreading and some rafters split;
- 2. Roof dipped approximately 400mm from one end of the hall to the other end and most noticeable in the middle of the roof;
- 3. Roof battens pulled off the rafters and still attached to the roof sheeting with approximately a 40mm gap between the rafters and roof battens; and
- 4. The bird mouth (saw cut on the rafters) lifting off the wall plate by up to 40mm.

The roof was originally design as a Cathedral Ceiling with a light weight plasterboard ceiling fixed directly onto the ceiling battens. A suspended ceiling, suspended from the rafters, was later installed using acoustic ceiling panels. The acoustic ceiling panels weigh approximately 13 kilograms per square metre. The weight of these panels is significantly more than the original Cathedral Ceiling arrangement.

An engineer has been consulted to assess structural requirements and carry out design work to rectify the roof. In the meantime, all users of the hall have been advised that it can not be used until the roof has been repaired and made structurally sound.

#### OFFICERS RECOMMENDATION

That:

Council support the Building Surveyor's advice not to use the Popanyinning Hall until such time as it has been made structurally sound in accordance with the engineer's design.

Moved: Cr Hawksley Seconded: Cr Haslam

Carried 6/0

Structural Report

# SHIRE OF CUBALLING Popanyinning Community Hall

The Dan Turner Family Trust trading as Dan Turner BE (Civil) RPEQ Civil, Structural and Project Management Narrogin Ph (08) 9881 3218, Mob 0409 867 048, Fax (08) 9881 5007

#### SHIRE OF CUBALLING

#### Introduction

Allan Ramsay, Environmental Health & Building Officer for the Shire of Cuballing, has requested that the roof structure of the Popanyinning Community Hall be inspected and a structural report prepared;

This request has arisen because two rafters in the roof structure have failed, and others show excessive deflections.

The inspection was carried out by Dan Turner (practicing Structural Engineer) on Friday 2nd and Saturday 3rd December 2011.

#### Summary

The roof structure has become over stressed because several years ago a fibrous plaster cathedral ceiling has been replaced by a flat fibrous plaster suspended acoustic ceiling.

#### **Observations**

- 1. The edge supports for the suspended tiles have not been securely fixed to the walls and need to be firmly screwed to the walls.
- 2. .The ceiling has sagged about 6.5 cm maximum, although I couldn't measure the sag where the scaffolding has been erected.
- 3. The two broken rafters have deflected approximately 200 mm vertically and about 300 mm at the wall from the tangent at the ridge to the wall.
- 4. This deflection has caused the roof purlins to separate from the rafter, and the rafters to lift outside the end support.
- 5. The large vertical deflection of the rafters (200 mm) and relatively small deflection of the suspended ceiling (65 mms) suggests that the rafters broke when the suspended tile ceiling was installed.
- 6. Three steel ties have been installed at the quarter points of the ceiling between the tops of the external walls meaning that every 4<sup>th</sup> rafter has been effectively turned into a truss. These ties have allowed the walls to act as buttresses and support the broken trusses by a crude and precarious arch action.

#### **Calculations**

- 1. The tiles weigh about 13.5 kgs. Each, i.e. about 20 kg/sq metre compared to about 9 kgs/ square metre for 10 mm thick fibrous plaster.
- 2. Calculations show that the rafters are highly stressed at their junction with the collar ties, and a strong grade of jarrah is required to resist this stress.
- 3. These calculations also show that the 10 mm bolts used are too small to resist the forces imposed by the heavy suspended ceiling, and this has caused the timber members to split.

#### Recommended Remedial Work

- 1. Support the two broken rafters/trusses with props at the center and at the end of the broken collar ties.
- 2. Remove all the suspended panels and examine all of the rafters below the collar ties for splitting.
- 3. Re-fix the edge support of the ceiling tiles around the periphery of the hall before replacing the tiles.
- 4. Replace the split rafters, (or sections of the rafters by using steel plates and bolts).
- 5. Install new steel ties at the base of the 16 (approx) rafters between the three present steel ties and end walls, using two 6mm plates welded to two 10 mm rods and a central 16 mm turnbuckle. These plates are be bolted to each side of both ends of the rafters using an M12 bolt at each end; i.e 64 plates, 64 10 mm rods, 32 threaded 16 mm rods, 16 16 mm turnbuckles, and 32 M12 bolts.

#### Conclusion

I consider the hall to be dangerous in its present state, but as soon as the suspended ceiling is removed and props placed to support the two broken rafters, the roof will be safe.

The tile edge supports should be screwed to the walls more securely.

The rafters and ties should then be repaired, and the steel ties installed before the ceiling tiles are re-installed.

The roof structure should be inspected by the Shire of Cuballing Building Officer, builder responsible to carry out the repairs and myself. I will provide details of the ties and repairs to the builders for the rafters at that meeting.

#### 11. OTHER URGENT BUSINESS

#### OFFICER RECOMMENDATION:

That the urgent business item 11.1.1 be considered.

Moved: Cr Conley

Seconded: Cr Newman

Carried 6/0

#### 11.1.1 UNUSED ROAD DISPOSAL

**Submission to:** 

Ordinary Meeting of Council

Location/Address:

Road Reserve off Carton street Bob Walker, Works Manager.

Reporting Officer: Enabling Legislation:

Local Government Act 1995

Council Policy: Budget Implications: Nil Nil

File Reference:

Roads 1

Voting Requirements:

**Absolute Majority** 

#### **Background**

Council has received correspondence from Anita Bricknell and Gareth Keeling. Mr Gareth Keeling is the registered owner of 331 Carton Street Cuballing. The block at 331 Carton Street is triangular in shape and some 5475 square metres.

The correspondents advise that they intend to build a house on this location in the near future.

Ms Bricknell has previously enquired and sourced information on the adjoining road reserve.

The Road Reserve runs from Carton Street to Bullara Street and is on the Eastern side of lot 331 Carton Street.

It neither serves nor gives any direct access to any lot. All locations have individual access from other made road reserves.

The correspondents have enquired on the possibility of this road reserve ever being constructed or required for future construction.

In the event that the construction is unlikely they would be keen to seek approval to purchase a section of the road reserve to enable a more suitable house design.

#### Comment

Council has control over many road reserves within its boundaries. Parts of the shire roads were surveyed and sections created without any understanding of the area of land required for financial viability. In some cases this resulted in roads being surveyed to service individual lots and locations of land that are never likely to be used or owned as individual pieces of land. While some sections of land may be suitable for "rural living" or "hobby farmers", in many cases the location of the land and the complete lack of services make this unlikely.

The unmade but surveyed roads are on occasions a hindrance and a liability to property owners as they may give access to parts of properties that are not able to be managed for public access, and this could cause financial loss to the property owners and be a risk to council. There are occasions when in the public interest Council will give consideration to allow the disposal of road reserves.

Council may consider applications from adjoining owners for the closure of unmade roads in the Shire; however Council should not deny access to a public waterway or public infrastructure.

The reserve is not a route to public infrastructure or to a watercourse. I have visited the site and also discussed the future use with the Chief Executive Officer, neither of us can ever see the reserve being required for future access. This section of unconstructed road reserve is of no benefit to Council and it is suggested that Council has no reason to oppose the disposal of same. Other benefits of disposal would likely be that the reserve would be cleared and therefore reduce the fire hazard. I do believe that it would be in Council's interest to have the whole road reserve acquired rather than a section and the adjoining landowners should be given the option to purchase sections of the road reserve abutting their properties.

#### OFFICER RECOMMENDATION

#### That:

- 1 Council advise that it has no objection to the closure and future disposal of unconstructed section of road reserve as shown on appendix 1;
- 2 Notify Ms Bricknell, Mr Keeling and the Government of WA Lands Division of this decision and suggest that they negotiate with the Government of WA Lands Division to acquire half of the road reserve if they so wish;
- 3 Landcorp be advised that no associated costs or advertising is to be borne by Council; and
- 4 Owners of Lots 324, 332, 337, 99 and 101 be advised that they should contact Landcorp to enable acquisition of the road reserve abutting their properties.

Moved: Cr McDougall Seconded: Cr Haslam

## 12. NEXT MEETING

9 February 2012, 3pm

## 13. CLOSURE OF MEETING

There being no further business the meeting closed at 6pm
