October 2020

## Yornaning Dam Official Opening

The Shire of Cuballing recently held the official opening for the upgraded barbeque area and playground at the Yornaning Dam. The opening was well attended and saw attendees travel from as far as Geraldton.

Cr. Mark Conley started

the opening advising of the project to date and some history of the Yornaning Dam. Yornaning Dam has had an important impact on the Shire of Cuballing and Narrogin by supplying domestic drinking water to Narrogin in the early years during the summer months. Up to five trains per week hauling 17,000 litres per train to Narrogin. With the advent of diesel locomotors and the Wellington Dam pipe line, the Yornaning Dam water was no longer needed for the trains.

Bill Henderson was the last pump operator in 1956. Mr Henderson's daughter, Barbara Allen, attended the opening.

Darren West MLC invited Mr Rick Wilson MP and Barbara Allen to assist with cutting the ribbon over the new boardwalk. With that the Yornaning Dam was officially opened!

Perfect weather saw attendees walk the newly cleared walk trails to find the wildflowers and orchids.

# SHIRE OF CUBALLING CITIZENSHIP AWARD

The Shire of Cuballing invites you to nominate an outstanding individual or group for one of this year's Australia Day Citizenship Awards to be presented on Australia Day, 26 January 2021.

The awards foster, recognise and celebrate significant contributions to community life and active citizenship in the Shire of Cuballing.

The Shire of Cuballing Citizenship Awards promote **National Pride, Community Responsibility and Participation.**

## Guidelines and Criteria

Each year a local citizen and one local community group will be eligible for the Shire of Cuballing Citizenship Awards.

The recipients will be selected from people and groups who have made a noteworthy contribution during the current year, or given outstanding service to the local community over a number of years through active involvement.

## Eligibility Criteria

- Nominees should reside or work principally within the Shire of Cuballing making the award.
- Awards may not be granted posthumously in recognition of recent achievements.
- A person may receive an award on more than one occasion in recognition or involvement in an alternative initiative.
- Unsuccessful nominees may be nominated in future years.
- Sitting members of State, Federal and Local Government are not eligible.
- Staff of the Shire of Cuballing are not eligible

## Nomination Process

The Shire of Cuballing invites nominations for the awards from community groups and private citizens. The Shire of Cuballing may also make nominations based on local knowledge and experience

## Selection Criteria

The winners will have been judged to have shown active citizenship and:

- Significant contribution to the local community
- Demonstrated leadership on a community issue resulting in the enhancement of community life.
- A significant initiative which has been brought about positive change and added value to community life
- Inspiring qualities as a role model for the community.
- The Councillors of the Shire of Cuballing will select the winners from the nominations received.
- The Shire of Cuballing Citizenship award will be presented at the Annual Shire of Cuballing Australia Day event.

Office Opening Hours:  
Monday—Thursday,  
8.30am—4.30pm  
Friday,  
8.30am—4.00pm

# CONGRATULATIONS DULCIE

On Monday 21<sup>st</sup> September Dulcie McGarrigal was presented with a medallion and certificate acknowledging the service by her husband Cecil McGarrigal during the Second World War.

The medallions are part of the 75<sup>th</sup> Anniversary for the end of the Second World War and the State government asked the local Members to present the certificates and medallions to the same recipients.

Dulcie is the only person listed in the State Electorate of Roe to receive this acknowledgement from Peter Rundle MP.

Michelle Hanson completed the following biography of Mr Cecil McGarrigal's war service as part of a World War II Narrogin Primary School project in 1994

## WORLD WAR II

### CORPORAL CECIL MCGARRIGAL

Mr Cecil McGarrigal turned eighteen on the 26<sup>th</sup> of October, 1942 and left his home town of Popanyinning to join the Royal Australian Air Force (RAAF) on the 13<sup>th</sup> of November 1942.

He was a fully trained corporal with the Number 31 Squadron RAAF Commando Signals Task Force and later joined Communications.

He did his rookies training at Busselton and experienced many days of hard training. Up to seven hours alone of each day was spent, marching around the "Bull Ring" (training ground). The training also included learning to salute properly and to use bayonets and rifles. Although training was physically demanding, you became very fit and disciplined.

In 1943, he was transferred to Darwin to do the second stage of his training. This was with the Commando Signals Task Force. The intense training that he experienced there, included how to use machine guns, hand grenades, obstacle, rope, cliff and unarmed combat training.

## DULCIE MCGARRIGAL *CONTINUED*

When they travelled from place to place, the sleeping conditions pretty grim. He would often sleep on the side of the road with a mosquito net, rug and excess clothes which were used for extra warmth or a pillow. There were no comforts of a mattress.

Their food was rationed and consisted mainly of tin beef (which called "Bully Beef") and hard square biscuits more commonly known to the men as "dog biscuits". They would also get the occasional treat of dehydrated potatoes and powdered eggs. The main beverages were water and black tea. As the water was not good, when it rained containers were put around the tents to collect some fresh water.

These were the conditions that the men were exposed to throughout the entire war.

After completing his training, Corporal McGarrigal left by ship not knowing his destination. He experienced his first taste of war at Morotai, as on their arrival, they had obviously been sighted and were bombed. While there, he contracted malaria and dysentery, which has permanently affected his health. Wanting some more action, it was here that he volunteered to go in with the Army and set up communications. This had many risks involved.

One good memory of Morotai, was the time he attended a Gracie Fields concert with some other 8,000 service men, mostly Americans.

After Morotai, he continued on to Labuan, Tarakan, Borneo and the Philippines.

When peace was declared in 1945, Mr McGarrigal went back to Darwin, on to Perth and home to Popanyinning.

There were no celebrations on his arrival home to Australia. He was only 21 and found it very hard to fit back into a normal life once again.

Although he was very eager to join and serve his country in World War II, he felt that three years of his life were wasted.

I found Mr McGarrigal a very interesting person to discuss World War II with. He was able to describe the war in great detail and has some wonderful memorabilia, such as two Japanese Flags and money, a mosquito net and American clothing, to name just a few, which he showed me.

Researching this assignment was a great learning experience I learned a lot about World War II.

# Landcare matters

Hotham-Williams sub-catchment update

Edition 47  
October 2020

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

## Williams River sites earmarked for action!

It was great to have Kate Barr back with the Hotham-Williams team recently to show Kristy Gregory the Williams River sites earmarked for potential on-ground projects as part of the Hotham-Williams River Action Plan.

Lovely sites like this one near Williams are already used by the community. The potential to restore the banks, control the weeds and re-introduce native species will be realised through future potential projects.

Rivers hold such an important place in our landscape and in our history, and through the restoration of habitat the PHCC wants to facilitate a renewed connection of people to the Rivers. Through the planning of potential projects, our aim will be to create areas that are ecologically restored as well as being easily accessible to the public. This will have the threefold result of environmental restoration, demonstration of healthy

ecosystems and a genuine connection of people to natural areas, whether it be in their 'backyard', a destination, or a stop-off on a long-drive!

*Note: PHCC is in the process of applying for funding for future on-ground community projects across the Hotham-Williams sub-catchment.*

## Grant Updates...

- The Hotham-Williams team has been out and about visiting the completed Numbat Neighbourhood 2019/20 Community Environment Grant Projects and checking out all the seedlings that have been planted. For example, a Cuballing farmer has completed fencing and revegetation to increase habitat for threatened species and create a linkage to the East Yornaning Nature Reserve.
- The Numbat Neighbourhood, Black Cockatoo, Greening Farms and Banksia Woodland (Swan Coastal Plain area only) 2020/21 Community Environment Grant (CEG) applications were assessed across three different steering committee meetings during the week of 14th September.

The CEG program is a competitive grants process, and each application is assessed on its merits against criteria to meet Australian Government outcomes, for access to a limited pool of funds.

There were 45 applications in total across the Peel-Harvey catchment with 22 of these being for projects within the Hotham-Williams sub-catchment.

Applicants will soon be notified if their project has been successful.

**COVID-19** We value the health and safety of our whole community and PHCC is now accepting visitors on an appointment basis only. Please contact us to make a booking via phone on 6369 8801 or 0455 166 780 or via email.

## Cape Tulip...pretty flower or toxic weed?

Cape tulip (*Moraea flaccida* & *Moraea miniata*) originates from South Africa and was introduced to Australia as a garden plant and is now widespread in the south west of Western Australia and other states.

One leaf and two leaf Cape tulips are serious weeds of pasture. The branched flowering stem has short lived pink to

orange flowers which occur in late winter and spring. Animals will selectively graze clovers and other more palatable species, and this allows Cape tulips to flourish. The plants contain toxic chemicals called glycosides which affect the heart and most deaths occur in hungry animals that have recently been introduced.

When choosing plants for your garden, avoid buying species that are toxic and/or have weed potential.

Please see <https://www.agric.wa.gov.au/declared-plants/cape-tulip-what-you-should-know> for more information on what you should know about Cape tulips and control methods.

### Coming Up...

- Spring - Rabbit virus release (RHDV1-K5) - if you are involved in this please keep an eye out for an email from Helen Parsons
- November – Numbat Dig Workshop in Dryandra Woodland. Stay tuned for more information.
- Late 2020/early 2021 Pest control & bushland management
- Early 2021 - Spiny Rush (*Juncus acutus*) control demonstration site

[melanie.durack@peel-harvey.org.au](mailto:melanie.durack@peel-harvey.org.au)

[www.peel-harvey.org.au](http://www.peel-harvey.org.au)

These projects are supported by the Peel-Harvey Catchment Council through funding from the Australian Government's National Landcare Program, Newmont Boddington and the Shires of Boddington, Cuballing, Wandering and Williams

# COMMUNITY NOTICES — POPANYINNING BONFIRE

## POPANYINNING BONFIRE NIGHT

City Kids Experience County Life.

As a grandmother I had the pleasure of taking my two adult teenagers and a their friend to the Popanyinning Bonfire Night on Saturday 5<sup>th</sup> September 2020.

It had been a very long time since these kids had been out of the Perth to see and experience county life with the added Bonus of going to the Popanyinning Bon Fire Night with their Aunty, Uncle who live in Popo and myself. I attended last year and wrote an article to your paper which you very generously agreed to print. I was very enthusiastic to travel from Perth again this year with my grandchildren to share this Bonfire Event at Popanyinning.

The event this year I think was slightly bigger than last year, the Band was just as good as ever, the night a beautiful clear night, the Fire Brigade did an awesome effort building the Bonfire with everyone turning out to support the Food tents and the event.

My Grandchildren thought it was unbelievable and surreal and had never seen anything like it.

In our "Topsy Turvy World" we are living in these days at the moment a Popanyinning Bonfire is what everyone needs to lift our spirits.

Thank you again to all the organisers and the community for your time and effort to hold this event. My grandchildren and I hope to attend again next year. Grandkids are glad their Uncle and Aunty have moved to the country to experience more county visits.

Annette Mclean.

## POPANYINNING PROGRESS ASSOCIATION

The Popanyinning Progress Association would like to thank all who attended their Popanyinning Bonfire Night on September 5<sup>th</sup>. The night was well attended by locals and out of towners.

The Krissy Smith Band who returned for their second year was as last year amazing and got the crowd up and dancing.

The PPA would like to extend a massive thanks to the Shire of Cuballing for their continual support for this free community event, Popanyinning Volunteer Fire Brigade for lighting the huge bonfire, Sam and Jenny from the Popanyinning General Store for their amazing donation of all the soft drinks sold on the night. Sam the PPA appreciates your continual support for community events. Last but not least the wonderful band of volunteers from the Popanyinning Progress Association, well done team!

All money raised from events such as the bonfire and market days goes straight back into community projects.

# Golf Notes – September 2020

Welcome to another installment of the Cuby Golf Notes. With the season drawing to a close next month everyone was trying to up their game ahead of the all important club championships.

We kicked off this month with the 5<sup>th</sup> & final Qualifying Round sponsored by Country Paint Supplies. 21 golfer truned up to see if they could lower their score and climb the qualifying table to take on the highest grade possible. Winner for the day was Bevan George with a 79 Gross & 70 Nett. Runner up on a count back was Rodney Titko with his best score to date with 100 Grss 70 Nett. Well done Rod! Thanks to Country Paint Supplies for their on-going support of our club!

On the Thursday 10<sup>th</sup> September we hosted our Farmworks, Fuel & Fertiliser (FFF) Midweek Golf Day. We

had a great turnout with people from far and wide, coming to enjoy a 2 person ambrose day. Winners for the day were Jodie George and Claudia Hayes. Well done ladies. Runners Up were Peter George & David Stead and third place Graeme Dent & Todd Hayes. Hardest triers went to Brad Grout & Matthew Bell. The door prize for the day was a Crown Accommodation Voucher in Perth and our very own Mr

Bevan (socked) Watson won. Well done Bevan, enjoy! A big thanks to Ash at Farmworks and all the other sponsors for continuing to support our club and choosing the Cuballing Golf Club. as the venue for you day.

Saturday the 12<sup>th</sup> saw us host a 'Blind' Stableford Combined Pairs sponsored by Bill & Bens Hot Bread Shop. 20 Golfers rocked up to with the trust that someone in the group was going to help them claim glory and win the day. Individual winner for the day was Wayne McLeish with 37 Points. In the

## **BILL & BENS HOT BREAD SHOP**

*Your favourite Bread, Cakes & Pasteries!*

**Ph: 9881 4765**  
Shop C Birtsmilling Arcade Narrogin

combined section of the day some interesting pairings meant that Daniel Christensen & Mick Anton came in the winners and Peter "Pistol" George & Rodney Titko the runners up. As always a big thankyou to Jenny & Wayne for your on-going support of our club.

The coverted Club Championships day. For one day a year all pitted against each other for the chance to be your grade's champion... unless you get knocked out in the morning. The day was run and won in horrendous conditions for golf. Never the less the brave warriors of Cuballing battled on and dished up some interesting golf for the spectators in the afternoon. In the A Grade, both George's where eliminated setting up a rematch of last year's A Grade Final between Rob Harris & Chris Bolton. This year they took it all the way to the 18th with Rob Harris taking it out on the last hole. Well done Rob. B Grade saw a couple of hard-fought matches in the morning leading to new member Brendan Gifford taking on President Mort. After 13 holes the President had it all squared away being 6 up with 5 to go. Congrats Morty. C Grade saw Anthony Howe take on Mick Anton in the afternoon with a thrilling match that went all the way to the 18th. Even with his caddy in Simon, Howie was simply outplayed by Mick Anton when it mattered most, with Mick going 1 Up on the 18th hole. Well done Mick. D Grade had a rematch of last year's E Grade final with Stuart Budd and Dan Hawes battling it out for the title. Even with some monster drives assisted by the

## GOLF NOTES — *continued*

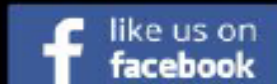

wind, Dan couldn't get the job done with Stu Budd claiming the honours 3 & 2. Congratulation Stu. E Grade saw Daniel Christensen & Cooper George battling it out for E Grade glory. It was all square after 9 holes and from the start of the back 9, DC ran away with it claiming the title 5 up with 4 to go. Congratulations DC! A great effort from all who played on the day and, and with the Peanut gallery following around in the afternoon it made for a great atmosphere and an enjoyable day. Finally a big thank you to Jenny McLiesh & Elna George for cooking Hamburgers for lunch on the day. It was lovely to come into some delicious food after the wild conditions.

The final weekend of the month was a Stableford round sponsored by Getaway Outdoors Kelmscott. The weather was fitting for the sponsor with plenty of wintery conditions making the going tough. 13 golfers took to the course with Daniel 'DC' Christensen coming in with a whopping 44 Stableford points to win the day, followed not so closely by Lindsay George with 35 points for the runner up. Thank you to Adrian & Michelle from Getaway Outdoors Kelmscott for sponsoring this round.

And with another month of golf been and gone there is only two weekends to go for this season. Our closing day will be on the 10<sup>th</sup> of October kicking off at 12.15pm for a 3 person Ambrose day followed by our AGM and wind up.

Cooper George

# HAPPY RETIREMENT — SUSANNE LUPTON

Gordon and Yvonne McDougall are sorry to say goodbye to Susanne Lupton as our secretary/manager. We wish Susanne all the best for her future in retirement, traveling and spending more time with her family and grandchildren.

Susanne is just one special person and we have enjoyed the past 30 years that she has been with us, with her dedication and love to her work, and to us.

We love you Susanne.

## Reflections

OMG!! Thirty years can hardly believe it myself.

23<sup>rd</sup> July 1990 I started work at McDougall Weldments, which originally, I was looking for just a couple of days per week of employment, as we had a young family – youngest child had just started kindy. Yvonne was running Mac's Place, (Cuballing Roadhouse), owned by Gordon & Yvonne and Caroline had married the year before, so was looking to move to Perth with her husband and start their own business, this left me starting to work full time at McDougall Weldments.

Coming from a farming background helped with some of the terminology used when customers were asking about different components on their equipment.

Having lived for first 7 years of my life on a farm in Popanyinning area, some of the customers were familiar to me as they were in the area where we farmed before moving to the Toolibin area. Back then some farmers that we were dealing with were grandparents to the farmers of today, which I believe shows that the company Gordon started is well respected within the local community and beyond.

Over the years there has been many employees come and go through the workshop, and again some of these have been father and sons going through apprentices and or Uncles / Nephews. There have been many friendships made with some of the guys and hopefully these will continue.

During my time at McDougall Weldments, our children (3) have all married, and now we are grandparents to 7, so am looking forward to spending time with them all, attend school special days (when allowed through Covid 19), and hopefully have a chance to visit some of WA which has eluded us.

I wish to thank Gordon for being a wonderful boss, exceedingly kind and understanding and wish him and Yvonne all the best, hopefully they can sell the business and have time to themselves and Gordon have time to preserve his precious jeeps, and look forward to seeing him driving one on the road in the near future.
