## **CUBALLING RAILWAY RESERVE DRAFT CONCEPT PLAN OPPORTUNITY TO COMMENT**

The Shire of Cuballing has appointed URBIS to undertake a review of the central rail reserve in the townsite of Cuballing to have a strategy in place for future improvements.

The most successful places are ones that are well used by the local community and reflect their needs and wants.

The Shire held a Planning Workshop in August 2020 to discuss big ideas on to understand what the community expects to see on the site.

The Shire has now received a DRAFT Concept Plan of the proposed development. The complete Draft Concept Plan is available on the Shire of Cuballing website at <https://www.cuballing.wa.gov.au> and from the Shire Office.

Prior to finalising the DRAFT Concept Plan, the Shire would again welcome your input on the Plan.

The Shire will hold another planning session to consider the DRAFT Concept Plan at the Cuballing Hall on Tuesday 1<sup>st</sup> December from 6.30pm to 7.30pm.

The Shire of Cuballing welcomes all comment on the DRAFT Concept Plan. Please submit your comment to the Shire before Thursday 10<sup>th</sup> December 2020:

- on 08 9883 6031;
- at [enquires@cuballing.wa.gov.au](mailto:enquires@cuballing.wa.gov.au); or

**CUBALLING TOWN CENTRE**  
 CONCEPT SKETCH

## PRESIDENT'S PEN

The year 2020 has presented challenges to all, including the Shire of Cuballing. The COVID Pandemic has disrupted normal Council operations and Cuballing was belted with a vicious thunderstorm on Valentines Day that ripped the roof of the Cuballing Town Hall.

After the damaging thunderstorm it was heartening to see our community respond with volunteers turning out to assist their neighbours in trouble and generally clean up their community. This year our volunteer fire fighters have again responded to a number of fires across our Shire.

Despite the challenges the Shire of Cuballing has completed a range of activities including

- Commenced a Cuballing Railway Reserve concept plan, This plan was delayed by COVID, but the draft plan is now available and I would urge local residents to consider the plan and make comment. The draft plan is available in this edition of the Cuby News;
- Obtained a 10 year permit to remove vegetation associated with road improvements. In obtaining this permit, Shire staff are leading the way for wheatbelt local governments and will allow the delivery of safer rods;
- Community events including our Australia Day Breakfast and Music Festival. I would urge residents to attend the upcoming Movie Night in Cuballing. In particular the Cuballing Kid's Day Out again exceeded expectations in terms of numbers attending and favourable feed-back; and
- Improved our compliance Integrated Planning and Reporting documents. These complicated planning documents are now available on the Shire website.

Through 2020 the Shire of Cuballing has also continued to deliver a range of community infrastructure including road improvements and building upgrades. In 2020:

- the front entrance Popanyinning Hall has been smartened up and is now accessible to all;
- the Yornaning Dam facilities were upgraded with a new board walk, playground and picnic area. Colourful shade sails will also be installed over the playground this month. The Henderson family returned for the official opening and provided reminiscences of Yornaning in days gone by.
- work was commenced on a new alignment of the intersection of Wandering Narrogin, Nebrikinning and Springhill Roads. This two year project will be completed early in the new year and provide a significant safety upgrade.

I would take this opportunity to wish all Shire of Cuballing residents a merry Christmas and a safe and prosperous 2021.

Mark Conley  
Shire President

# SHIRE OF CUBALLING CITIZENSHIP AWARD

The Shire of Cuballing invites you to nominate an outstanding individual or group for one of this year's Australia Day Citizenship Awards to be presented on Australia Day, 26 January 2021.

The awards foster, recognise and celebrate significant contributions to community life and active citizenship in the Shire of Cuballing.

**The Shire of Cuballing Citizenship Awards promote National Pride, Community Responsibility and Participation.**

## Guidelines and Criteria

Each year a local citizen and one local community group will be eligible for the Shire of Cuballing Citizenship Awards.

The recipients will be selected from people and groups who have made a noteworthy contribution during the current year, or given outstanding service to the local community over a number of years through active involvement.

### Eligibility Criteria

- Nominees should reside or work principally within the Shire of Cuballing making the award.
- Awards may not be granted posthumously in recognition of recent achievements.
- A person may receive an award on more than one occasion in recognition or involvement in an alternative initiative.
- Unsuccessful nominees may be nominated in future years.
- Sitting members of State, Federal and Local Government are not eligible.
- Staff of the Shire of Cuballing are not eligible

### Nomination Process

The Shire of Cuballing invites nominations for the awards from community groups and private citizens. The Shire of Cuballing may also make nominations based on local knowledge and experience

### Selection Criteria

The winners will have been judged to have shown active citizenship and:

- Significant contribution to the local community
- Demonstrated leadership on a community issue resulting in the enhancement of community life.
- A significant initiative which has been brought about positive change and added value to community life
- Inspiring qualities as a role model for the community.
- The Councillors of the Shire of Cuballing will select the winners from the nominations received.
- The Shire of Cuballing Citizenship award will be presented at the Annual Shire of Cuballing Australia Day event.

## Skeleton weed summer surveillance

As part of the Skeleton Weed Program, the Department of Primary Industries and Regional Development (DPIRD) will be carrying out Random Surveillance within grain growing areas between December 2020 and March 2021.

Part of this surveillance will use unmanned aerial vehicles (UAV) to complement traditional targeted surveillance. We have scheduled UAV surveillance for the Shires of **Pingelly, Cuballing and Narrogin** between late **December 2020 and mid-January 2021** for non-infested properties. There are no known infested skeleton weed properties within these shires.

### Inspecting paddocks

We are seeking landholder cooperation to nominate properties to undertake UAV surveillance searching if they meet the **criteria**:

- crop (preferable) or pasture paddocks
- minimum of 3 paddocks (150-300ha)
- paddocks to be stock-free for at least 4 weeks
- paddocks not sprayed within the last 4-6 weeks

### Reporting options

We encourage all landholders in grain growing areas to search their own paddocks, and report any suspect sightings. Surveillance guidelines are available from your local DPIRD office. Please report suspect sightings to your local biosecurity officer at the Narrogin DPIRD office on 9881 0222 or via the options below:

- Pest and Disease Information Service (08) 9368 3080 or [padis@dpird.wa.gov.au](mailto:padis@dpird.wa.gov.au)
- MyPestGuide™ Reporter App
- or report online at [mypestguide.agric.wa.gov.au](http://mypestguide.agric.wa.gov.au)

For more information on skeleton weed visit [agric.wa.gov.au/skeletonweed](http://agric.wa.gov.au/skeletonweed)

Skeleton weed (*Chondrilla juncea* L.) is a declared pest in Western Australia (WA) under the *Biosecurity and Agriculture Management Act 2007*. Landholders are responsible for the management and reporting of any suspect sightings.

Hotham-Williams sub-catchment update

Edition 49  
December 2020

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

## Eco Monitoring in Tunbridge Gully

The annual eco monitoring of transects has been undertaken in Tunbridge Gully (Boddington townsite) to track the success of the native flora and fauna returning to the area. Annual weed control is having great results with the ongoing decline of invasive weed *Juncus acutus* (Spiny rush) throughout

the creekline. The several thousand seedlings which have been planted in the 7 hectare area are maturing and there are the beginnings of a new shaded canopy. There is evidence of native wildlife beginning to return, including the brush tail possum. Kangaroos are in abundance as are, spiders and other small insects, which all aid with the spread of native plant species.

Photo monitoring has also been conducted from the south end of the creekline, to where it meets the Hotham River. Native vegetation has increased dramatically since the start of the monitoring project with the aim of increasing the biodiversity and improving the water quality within the ecosystem.

## What's Happening...

The Williams Fox Shoot has recently been held and the 40 attendees eradicated 54 foxes, 5 feral cats, 2 feral pigs and 189 rabbits. PHCC was able to support this great event through our Numbat Neighbourhood Project by funding the breakfast.

If you would like more information on the Williams Fox Shoot you can search for their group on Facebook.

**COVID-19** We value the health and safety of our whole community and PHCC is now accepting visitors on an appointment basis only. Please contact us to make a booking via phone on 6369 8801 or 0455 166 780 or via email.

## Numbat Dig ID Workshop

Local landholders and interested members of the community attended PHCC's Numbat Dig ID Workshop in Dryandra Woodland on Friday the 13th of November. By learning how to identify numbat traces, landholders can determine if numbats are utilising on farm habitat which can indicate if the numbat population is increasing. This increased trajectory is one of the outcomes of PHCC's Numbat Neighbourhood Project.

This workshop which included in the field searching for digs and scats was presented by Tamara Wilkes-Jones, who has years of

experience being involved in the annual Numbat Dig Surveys. The workshop provided a great opportunity for local landholders to catch up with each other and for PHCC to thank them for the hard work they have been doing controlling feral cats and foxes as well as offer our support. A number of people who attended the workshop managed to spot a numbat on their way through the Woodland.

Our Hotham-Williams team were lucky enough to see three numbats on the way to set up for the workshop!!

### Coming Up...

- Stay tuned for an educational video all about **numbats** and how to identify their traces that we are creating with the help of Tangents TV.
- We are looking for expressions of interest to hold a **1080 accreditation course** in February 2021. Please email [christine.townsend@peel-harvey.org.au](mailto:christine.townsend@peel-harvey.org.au) or call 63698801.
- **Pest Control & Bushland Management Workshop** – early 2021
- **Spiny Rush (*Juncus acutus*) control demonstration site** – early 2021
