

# The Cubby News

Publication by the Shire of Cuballing  
PO Box 13 Cuballing WA 6311

Monthly publication for Cuballing, Yornaning and Popanyinning

April 2021

The Shire of Cuballing is looking for parents and children with a flair for art and design to assist in the design and completion of a mural to be transcribed into the Cuballing Skate Park as part of Youth Week.

The mural theme is *"What Cuballing means to you!"*.

If you wish to participate, draw up your design and either email it to [cdo@cuballing.wa.gov.au](mailto:cdo@cuballing.wa.gov.au) or drop it into the Shire of Cuballing's Office by 4pm 8<sup>th</sup> April 2021.

On Cuballing Youth Day on Wednesday 14<sup>th</sup> April 2021, those who wish to participate can join in the fun of painting the murals onto boards to be installed at the Skate Park. If you would like to help paint, please register your interest to Michelle at [cdo@cuballing.wa.gov.au](mailto:cdo@cuballing.wa.gov.au) or 9883 6031.

## EARLY AUTUMN IN THE GARDEN by Peter Denton of Chedoona nursery Cuballing

Following recent rains and cooling conditions now is the time to plant new shrubs and trees for the garden. Of course; we have early weeds too, not so welcome for some! Whilst the ground is still warm, early planting enables early root development and growth before the winter slows things down. A little too soon of course for fruit and rose bush pruning. Natives and other waterwise plants are a certain choice, be sure not to plant species that will struggle with our drying climate. Plants local to your area are the obvious choice.

Thinking of a hedge? Old Man saltbush, [*Atriplex nummularia*] of which most of us are familiar forms a very hardy dense hedge, drought tolerant, prunes well and is generally readily available.

Don't be afraid to plant the humble gum tree in your garden. There are many small growing, non invasive beautiful flowering gum trees available, such as *Eucalyptus erythronema*, *erythrocorys*, *kruseana*, *websteriana*, and *synandra*. Maybe even a Desert Quandong tree. What can be more Aussie than that!

Planting now will mean a good watering twice a week to ensure plants don't dry out in the lead up to winter.

Try a variety of native plants; no need to stick to the "run of the mill syndrome", there are heaps of melaleucas, hakeas, grevilleas, calothamnus and many more native varieties now readily available in the market place.

Prepare your garden beds for the winter vegetables, use plenty of good compost and have mulches on hand. Cow and composted sheep manure are ideal to add when digging the beds.

Acacia Denticulosa

Eucalyptus Synandra

Eucalyptus Erythronema

# CUBY WOMEN'S SHED

## An Amazing Day at the Cuby Women's Shed

February 11<sup>th</sup> 2021 was an amazing day at the Cuby Women's Shed. We were given the Defibrillator Training by two wonderful women from St. Johns Ambulance volunteers. They were very generous with their time and expertise. They patiently taught us how to use the defibrillator. We were nearly 20 participants from all walks of life, both men and women. We had hands on experience and everyone had a marvellous time. We had quite a healthy colourful spread for afternoon tea and the participants socialised and got deeper into discussing their learning. A few important learnings we got was to download the First Responder App on our phones and also being in the country, if the 000 does not work due to poor reception, we could dial 022 which bypasses the mobile/phone towers and goes straight to the satellite giving us immediate access to emergency. Since there was a positive response St. Johns Ambulance is happy to re-run the training at any time. So call and put your name down if you are interested.

The Men's Shed WA is a not for profit organisation started with the intention of helping men by providing a safe place to air their views and be productive in their own way. The Cuby Men's Shed has been going strong for quite a few years. The Cuby Women's Shed is under the aegis of the Cuby Men's Shed. Women from all walks of life come together once a week to explore their creative abilities. They bring their own projects, be it wood-working or metal-working and such. They learn to work with heavy machinery under expert guidance.

If you wish to come and be part of the Men's/Women's Shed all you have to do is call either

**Men's Shed:**

**Peter on 0429 660 727**

Or

**Women's Shed:**

**Giri on 0400 910 113.**

# CUBALLING YOUTH WEEK—2021

After the successful 2019 Cuballing youth day which saw the Cuballing townsite bus shelters transformed into bright mesmerising murals, the Shire of Cuballing are again on the creative train by implementing a just as bright mural at the Cuballing Skate Park.

The Shire of Cuballing are looking for parents and kids who have a flair for art and design to assist in the design and completion of murals transcribed into the Cuballing Skate Park.

For the Shire of Cuballing to continue these projects for the Shire of Cuballing youth, parent help is essential!!

Please register your interest on [cdo@cuablling.wa.gov.au](mailto:cdo@cuablling.wa.gov.au) or 98836 031.

Government of Western Australia

## 2019 CUBALLING YOUTH DAY PROJECT

# Landcare matters

Hotham-Williams sub-catchment update

**PHCC** Working Together  
Peel-Harvey Catchment Council

Edition 52  
April 2021

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

## How to find Numbats in your Neighbourhood...

Through our Numbat Neighbourhood Project we have been working in collaboration with Tangents TV to create a video to help landholders determine if they have numbats living in their on-farm habitat. To view the video please go to the Peel-Harvey Catchment Council's Youtube channel.

As the numbat population increases numbats will start to move out of Dryandra Woodland and into on-farm habitat. We had a report from a Wandering local who saw a numbat by their front gate! The 'How to Find Numbats in Your Neighbourhood' video will help landholders to identify numbat traces including digs and scats and apply this knowledge to determine if they have numbats in their own on-farm vegetation. The video also helps landholders to

identify echidna and woylie diggings and scats.

Tamara Wilkes-Jones, who features in the video, has years of experience identifying fauna traces after being involved in the annual Numbat Dig survey in Dryandra Woodland and the Boyagin Nature Reserve. Tamara has helped PHCC deliver a Numbat Dig ID Workshop for the past two years, which has been well supported by local landholders and it is great that this information has been captured and can be accessed by all of the landholders surrounding Dryandra.

We've also created a shorter video to raise awareness of numbats, their threats and how PHCC is working with project partners and the community to ensure that the trajectory of the numbat population in Dryandra Woodland improves.

## Cockatoo signs to prevent vehicle strikes

Friends of the Reserves - Boddington (Inc.) members Ros Thomson and Robin Andersson with the new signs sponsored by PHCC

**Death or injury by vehicle strike is a very real threat to our iconic Black Cockatoos.**

Black Cockatoos come to the ground on the side of roads to feed on seeds and drink from puddles after rain. As they are a large bird with big wings they need lots of space and time to take off, putting them in the path of vehicles.

We ask motorists to safely slow down when you see Black Cockatoos on or near the road, to reduce the likelihood of vehicle strike, by allowing the birds time to fly out of the way.

Signs are being placed on roadsides within the Shire of Boddington at Black Cockatoo feeding and drinking hotspots by Friends of the Reserves - Boddington (Inc.) volunteers, to remind motorists to slow down. There have been several recent Black

Cockatoos deaths by vehicle strike in the area.

All three species of Black Cockatoo (Forest Red-Tailed, Baudin's and Carnaby's) are threatened so any death is a blow to the survival prospects of the species.

If you come across an injured bird please phone Kaarakin on 9390 2288 or Wildcare on 9474 9055 to locate your nearest wildlife rehabilitator, or alternatively take it to the nearest vet if safe to do so. Cover the bird with a towel or something similar and place in a ventilated box if possible. Remember your safety on the road is priority.

*Our Black Cockatoo project is supported through funding from the Australian Government's Environmental Restoration Fund.*

# Landcare matters

Hotham-Williams sub-catchment update

## Restoring Tunbridge Gully

**The native species are making a comeback in Tunbridge Gully!**

The Tunbridge Gully restoration project in Boddington is showing great signs of success with the new seedlings planted over the last few years dominating throughout the area. This joint project between South32, the PHCC, Friends of the Reserves - Boddington (Inc.), Boddington District High School, Newmont Australia and the Shire of Boddington aims to restore the natural ecosystem and improve water quality through the removal of the invasive weed *Juncus acutus* (Spiny rush) and planting of native seedlings.

The first round of weed spraying was undertaken in 2017, followed by cool burn in 2018 to assist with the control of the invasive weed. Since then an annual spraying program has occurred to have maximum effect on the weeds. The 7ha area has seen over 22,000 seedlings planted, which have been a mixture of trees, shrubs and understory species. This has all been possible through a massive 415 volunteer hours that have occurred to date by the amazing Boddington District High School students and other Hotham-Williams volunteers through our annual community planting events.

These combined activities along the creekline from the Boddington town dam site through to the Hotham River foreshore are proving fruitful with recent weed survey results showing a decline in *Juncus acutus* area from 5.84 hectares in 2015 to only 1.98 hectares in December 2020 (Mattiske Consulting, 2021). The two weed species most prevalent were *Juncus acutus* and *Asparagus asparagoides* (Bridal Creeper).

As native vegetation grows and creates a canopy across the creekline, *Juncus acutus* will

continue to decline. Ongoing yearly ecological and photo monitoring will be conducted by PHCC and volunteers throughout the area to track the success of this program.

*This project is coordinated by Peel-Harvey Catchment Council through funding South32 Worsley Alumina, and in partnership with Friends of the Reserves - Boddington (Inc.), Boddington District High School, Newmont Australia and the Shire of Boddington.*

Tunbridge Gully 2016

Tunbridge Gully 2021

**COVID-19** We value the health and safety of our whole community and PHCC is now accepting visitors on an appointment basis only. Please contact us to make a booking via phone on 6369 8801 or 0455 166 780 or via email.

## Coming Up...

- Proposed road show to seek feedback on River Action Plan priority site plans 19th – 22nd May (TBC)

## **ADMINISTRATION TRAINEE**

The Shire of Cuballing is looking for an enthusiastic, energetic and self- motivated person to take on the role of Administration Trainee as part of our small office.

The successful applicant will work under the direction of the Deputy CEO and complete both on the job training and attending studies off site. Duties will include customer reception, exposure to accounting and record keeping duties and assisting in delivering community events.

The position is offered as a 12-month contract under the conditions of the Local Government Industry Award 2010.

Further information is available on [www.cuballing.wa.gov.au](http://www.cuballing.wa.gov.au) or by contacting Nicole at [enquiries@cuballing.wa.gov.au](mailto:enquiries@cuballing.wa.gov.au) or phone 08 9883 6031.

For a confidential discussion about the position, please call Deputy CEO Bronwyn Dew at the Shire Office or [0498 836 868](tel:0498836868). All enquiries and applications will be treated with utmost confidentiality.

Applications close with the undersigned by Thursday 23<sup>rd</sup> April 2021.

Expected commencement date — 14<sup>th</sup> June 2021.

# CUBALLING CRICKET CLUB

## Quiz Night, Grand Final & Windup

The President, Committee and Players would like to thank all those people who supported the recent Quiz Night. A great night was had by all.

We would also like to give a special thank you to our cricket families and Cuballing residents who supplied a wonderful afternoon tea and help in all areas with the grand final. We have received many compliments for the day. Well done to you all.

It was wonderful to see so many supporters and past players turn up for the day to cheer the boys on and support the Club.

The Oval and surrounds were in immaculate condition which didn't go unnoticed by those in attendance. We are very grateful to the Shire of Cuballing – The CEO, Councillors, Office Staff and Outside Staff for the excellent job you do and for looking after us during the Cricket season.

To our A and B grade teams, you did us proud. The B Grade making the semi-final for the first time in a number of years and all goes well for the future as we have some very good young talent. The A Grade have again proved to be a top side within the UGS but unfortunately were beaten in the Grand Final.

We congratulate Pingelly on their win.

Our wind up dinner was held on Sunday the 28<sup>th</sup> March and was a great success.

We extend our congratulations to Lesley Quartermaine on receiving Life Membership. Lesley's involvement dates back to 2009 when son Jason was President. She completed two years as Secretary of the UGSCA before taking on the Treasurer's position at Cuballing in 2016/16 season, a role she is still currently serving. Lesley is a great contributor to our fundraising and provides general assistance in helping our Club run smoothly. We thank Lesley for her contribution to cricket in Cuballing.

# CUBALLING CRICKET CLUB

Awards were presented to the following players :

## A Grade

Batting Average: Bevan George  
Batting Aggregate: Joe Dowling

Bowling Average: Blair Forrest  
Bowling Aggregate: Jaco Moolman  
(Peter Fitt Memorial)

Cricketer of the Year: Blair Forrest

Fielding Award: Damon Watt

Best Junior: Caleb Dewing

## B Grade

Batting Average: Quin Paice  
Batting Aggregate: Robin Donnell

Bowling Average: Dorry Grzinic  
Bowling Aggregate: Cade Turner-Reid

Cricketer of the Year: Cade Turner-Reid

Fielding Award: Jacob Mulcahy

Most Improved: Brandon Kemp (Peter Hewett Memorial Award)

Laurie Turner Memorial Award Hundred Scored for the Year: Joe Dowling

Coaches' Award: Sam Grieve

5 Wicket hauls:  
Grady Francis  
Blair Forrest  
Jaco Moolman x 2

Hat Trick: Quin Paice

A big thank you to all our Sponsors and Trophy Donors, Captains, Coach and Senior players who assisted with training and various jobs throughout the year and the Dads who filled in when the B Grade was short. The ladies and players for providing afternoon tea each week.

On behalf of the President and Committee we thank you all and look forward to season 2021/22 when we all meet again and continue to keep our Cricket Club alive, strong and successful.

Back(l-r) Joe Dowling, Damon Watt, Jacob Mulcahy, Quin Paice, Blair Forrest, Grady Francis,  
Front(l-r) Sam Grieve, Caleb Dewing, Dorry Grzinic, Bevan George, Jaco Moolman.

# EASTER COLOURING IN

# EASTER CHOCOLATE BARK

- \* Prep 20 minutes
- \* Cook: 5 minutes plus cooling
- \* Makes enough for 6-8 giftbags

## INGREDIENTS

- \* 3 x 200g bars milk chocolate
- \* 2 x 90g packs mini chocolate eggs
- \* 1 heaped tsp freeze-dried raspberry pieces – or you could use crystallised petals

## METHOD

### STEP 1

Break the chocolate into a large heatproof bowl. Bring a pan of water to a simmer, then sit the bowl on top. The water must not touch the bottom of the bowl. Let the chocolate slowly melt, stirring now and again with a spatula. For best results, temper your chocolate (see tip).

### STEP 2

Meanwhile, lightly grease then line a 23 x 33cm roasting tin or baking tray with parchment. Put three-quarters of the mini eggs into a food bag and bash them with a rolling pin until broken up a little.

### STEP 3

When the chocolate is smooth, pour it into the tin. Tip the tin from side to side to let the chocolate find the corners and level out. Scatter with the smashed and whole mini eggs, followed by the freeze-dried raspberry pieces. Leave to set, then remove from the parchment and snap into shards, ready to pack in boxes or bags.

## RECIPE TIPS

Tempering chocolate is the process of heating then cooling chocolate to form a specific type of crystals in the cocoa butter. If we simply melt and cool shop-bought chocolate, it will quickly 'bloom', with dots and streaks of cocoa butter. It melts quickly when touched too. Tempered chocolate will quickly set hard and shiny, won't bloom, and shrinks as it cools, making it easy to remove from a mould. Here's a simple method: Break up 3/4 of the chocolate into a heatproof bowl. Melt until it is flowing and smooth. White chocolate should reach 43C, milk and dark 45C. Add the remaining chocolate, chopped into small pieces. Stir with a spatula until the pieces have melted and the thermometer shows 28C for milk and white, 30C for dark. This can take a while, so have patience and keep stirring. Use as soon as possible. If the chocolate starts to get too cold and thick as you use it, heat for just a few seconds and stir well.
