PO Box 13 Cuballing WA 6311
Monthly publication for Cuballing, Yornaning

March 2023

Desert Road & Kevin Lansdell rock the night away while the Cuballing Golf Club serve soul settling hamburgers.

The Cuballing music festival went off without a hitch on Saturday February 11th. Popular Boyup Brook band 'Desert Road' opened the night and got the place pumping much to the delight of the crowd some whom had never heard of the band but now will be devoted listeners.

The Cuballing Golf Club warmed the souls of the crowd by serving and I quote 'one of the best burgers around'. This was a fundraising opportunity for the golf club who are preparing to start the 2023 Golf season.

The Pingelly Tourism group sold hot donuts and coffee. This was their first larger event for this proactive group and what a success it was with them selling out of donuts and at one stage having a 20minute wait list! If you see them at other events be sure to support them.

Shire staff are currently reviewing the festival to determine what the format will be for next year. If you wish to provide feedback please leave a comment on our Facebook page, call us on 9883 6031, drop into the Shire Office or email Michelle at cdo@cuballing.wa.gov.au

POSITION VACANT

PLANT OPERATOR/GENERAL HAND

The Shire of Cuballing is looking for a self-motivated person to take on the role of Plant Operator/General Hand in a small works crew.

A HR Licence is essential. A HC licence is desirable.

Knowledge of Loader and/or Grader operations is desirable

Further information can be obtained by contacting the Manager of Works & Services, Bruce Brennan, on 0427 836 063 or worksmanager@cuballing.wa.gov.au

Applications may be emailed to admin@cuballing.wa.gov.au or delivered to the Shire of Cuballing Administration building or posted to PO Box 13, Cuballing WA 6311.

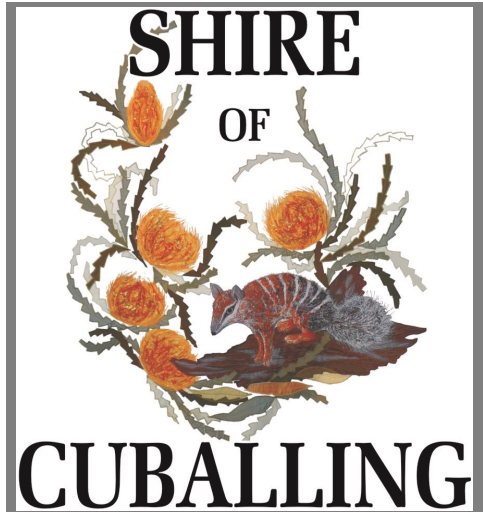

The position is offered at level 4 or 5 of Local Government Industry Award 2010 (depending on experience). Other benefits include regular overtime, 9 day fortnight and up to 15.5% super.

HAVE YOUR SAY – ONLINE COMMUNITY SURVEY

The survey below is for people who hadn't heard about or couldn't attend our community drop-in sessions in Popanyinning and Cuballing earlier this month.

The Strategic Community Plan that comes out of this engagement will drive our budgets and our ability to attract funding to achieve the community's vision. The survey will take around ten to 15 minutes to complete. Your responses are anonymous.

The results will be compiled by independent specialists, Localise and presented to the Council, along with other feedback (workshops, postcards etc). The community's input will be a vital part of the Council's decisions on the plan.

If you have any questions about the survey, please call Christina from Localise on 04 0830 6760.

The survey will close at 11:59pm on Monday 6 March 2023.

Please scan the code below to access the survey and thank you in advance for your input.

Office Opening Hours:
Monday—Thursday,
8.30am—4.30pm
Friday,
8.30am—4.00pm

PO Box 13

VACANT POSITIONS

The Shire of Cuballing is seeking a proactive, highly motivated, and organised person to fill the role of Administration Officer. Within this role, you will provide a full range of administrative support including payroll, purchasing, record management, reception, receipting and Department of Transport licensing.

This position also works closely with the Chief Executive Officer in provision of executive support services including compilation of agendas and minutes, correspondence, legislative requirements, preparation of meetings and receptions.

What we are looking for:

To be successful in this role, you must have:-

- A minimum of 2 years' experience working in an administrative role
- Demonstrated experience in processing payroll
- The ability to work effectively as part of a team
- Previous experience with the use of SynergySoft will be highly regarded

Essential requirements

- Current Driver's Licence
- Current National Police Clearance

In return, we can offer you:-

A rewarding position, competitive salary of between \$60 000-\$65 000, 9 day fortnight, additional 6% superannuation contributions (conditions apply), professional development opportunities, as well as the opportunity to work in a friendly environment.

A copy of the Position Description can be obtained from visiting the Shire of Cuballing website - www.cuballing.wa.gov.au. For more information, please contact the Shire of Cuballing office on 08 98836 031.

Applications close at 4.00pm on 15 March 2023 should be emailed to admin@cuballing.wa.gov.au or forwarded to: Shire of Cuballing, PO Box 13, CUBALLING WA 6311.

Office Opening Hours:

COUNCIL SHORTS

There was no Council Meeting in January, so that means that for the February meeting Council had the fund of checking through two months' worth of payments and financial reports.

Resignations

This month Council received the resignation of Cr Dowdell. Cr Dowdell has moved to warmer climes and even though he remains a Cuballing ratepayer he did not feel he would be able to do justice to his role as a Councillor. Council has received the permission of the Electoral Commissioner to leave the position unfilled until the next scheduled Local Government election. Council thanks Cr Dowdell for his contribution. Council reallocated committee and representative positions resulting from the resignation. If you have ever thought about standing for Council, please give consideration to putting your hand up in October.

Homestead Lots

The Western Australian Planning Commission (WAPC) is responsible for making decisions on the subdivision of land but will seek input from stakeholders including Local Government. Council has a position, set out in its Local Planning Strategy, that it will support the creation of homestead lots created by boundary realignment so long as the total number of lots does not increase. This prevents fragmentation of prime agricultural land. Council considered two applications in December and did not support them because they resulted in an increase in the number of lots. Both proponents modified their applications to align with Council's position. As a result, Council voted to support the applications at the February meeting.

Building Extension

Council approved the use of a prefabricate building as an extension to a dwelling on a rural property in Popanyinning. This is an unusual application in a number of ways:

- The work will be undertaken by an owner builder;
- The prefabricated building as second hand and will therefore require structural assessment prior to the work commencing;
- The extension is to a building previously identified as an ancillary dwelling. This will make this building larger than the principal residence. As a result the principal residence which is still very small will be reclassified as the ancillary accommodation when the work is complete.

The approval is subject to conditions including satisfying the requirements of the Building Code. This is a good example of the proponent and the Shire working together to help achieve the desired result.

Community Builders

The next stage of the community builder is for the participating community members to host a Community Opportunities Workshop to develop plans for the two towns. This will happen at 5.30 pm on 28th March 2023 at the Cuballing Hall. Come along and help shape the future. Look for the flyer in this edition of the Cuby News.

Staff Changes

In last month's Cuby News we reported that Fred Steer who has been Deputy CEO for the last year has accepted a position with Main Roads WA. The Shire advertised the position and has appointed a replacement. Narelle Rowe will start as Deputy CEO on 13 March 2023. Many people will remember Narelle from her previous work for the Shire several years ago.

Office Opening Hours:
Monday—Thursday,
8.30am—4.30pm

"COMMUNITY OPPORTUNITIES WORKSHOP"

Your Opinion & Input Matters!

This "Community Opportunities Workshop" is an opportunity for the people of our community to get together and think about the current directions of the area, and discuss where we would like to see the district go in the future.

It is open to everyone!

Remember... the MORE people involved, the greater the opportunity to develop a cohesive vision.

The event has been planned by local residents, Rural Aid & The Bank of Ideas.

WHAT DO YOU WANT OUR COMMUNITY TO DO?

WHERE DO YOU WANT OUR COMMUNITY TO GO?

DO YOU WANT TO CREATE OPPORTUNITIES FOR OUR CHILDRENS FUTURE?

Bring a Can-Do Attitude!

BRING YOUR ENTHUSIASM, MOTIVATION & IDEAS ALONG TO HELP START CONVERSATIONS AND CHANGE IN YOUR COMMUNITY!

We will discuss many of the issues that affect our future - topics such as economic development, tourism, children, the aged, the environment, agriculture, growth and decision making processes - in fact, any issues you believe may have an impact on the future direction of our community!

This event is designed to be a positive forum for local people

to...

discuss

share

visualise

create

problem-solve

and work TOGETHER for a common future!

Who Should Come?

Everyone... Community groups, employers, businesses, employees, residents, new comers, parents & children... everyone is welcome to this conversation!

"When we have the courage to walk into our story and own it, we get to write the ending".

Brene' Brown

Landcare matters

Hotham-Williams sub-catchment update

Edition 73
March 2023

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

WA Feral Cat Symposium 2 - A Huge Success!

Congratulations to the WA Feral Cat Working Group (WAF CWG) and Executive Officer, Dr Judy Dunlop on a fantastic Feral Cat Symposium (#2) which was held over 13 – 15th February at the University of Western Australia. The WAF CWG is an initiative of and hosted by the PHCC.

The Symposium saw more than 230 people attend who stemmed from every Australian State and Territory. Themes for the Symposium included, Threatened Species management and success stories, improved and emerging management techniques and feral cats and people (cat legislation and social license). PHCC's Christine Townsend presented on the successes of the Numbat Neighbourhood project through partnerships with DBCA, local landholders and the wider community.

The event also included a field trip to the Karakamia, the Australian Wildlife Conservancy's first sanctuary, protecting 268 hectares of wetlands, granite outcrops, and large areas of Jarrah, Wandoo, and Marri woodlands. The entire sanctuary is surrounded by a feral-proof fence, which excludes cats and foxes. Karakamia is home to many species, some of which are declining or regionally extinct, providing a snapshot of what the Australian bush might have been like 200 years ago (<https://www.australianwildlife.org/>). For more information, speaker presentations, and to see the list of wonderful sponsors, please visit 2023 Feral Cat Symposium - WA Feral Cat Working Group (wafcwg.org.au).

Plants going strong over summer

With many Landcare projects supported by PHCC across the Hotham-Williams involving planting seedlings for habitat or to increase farm productivity, it's been great to get updates from some of our farmers whose plants are growing well despite the dry conditions.

The plants pictured received really good site preparation. The rows were ripped and mounded to address soil compaction and saturation, and the area was sprayed to reduce competition by Spiny Rush, which was manually removed in the preceding months.

This site was planted when the land had dried out enough to access by foot and planted by hand, so there was plenty of soil moisture available to support good root growth, while not flooding the roots (thanks to the mounding).

Interestingly, areas in the same project that were planted a little later once the site was accessible by vehicles have not shown the same level of growth, so like many things in farming, timing and how climatic conditions interact at a farm scale always play a part in project success.

Some of the native and saltbush seedlings planted last year showing great growth

Dr Bruce Webber (Western Australian Biodiversity Science Institute), Dr Judy Dunlop (WA Feral Cat Working Group), Hon Reece Whitby (MCA Minister for Environment, Climate Action, Racing and Gaming) and Jane O'Malley (PHCC CEO) attending the Feral Cat Symposium

Continuing partnerships with local Shires

PHCC are pleased to announce we have recently renewed the five year Memorandum of Understanding (MOU) with the Shires of Boddington, Cuballing, Wandering and Williams to June 2027. The original MOU was signed in 2018 which formalised the partnership between the respective Shires to provide natural resource management/landcare support to the landowners and community of the Hotham-Williams catchment, as defined within the Hotham-Williams NRM Plan 2015-2025 and PHCC's "Bindjareb Boodja Landscapes: A Strategy for Natural Resource Management in the Peel-Harvey Region, Western Australia".

This MoU has two primary purposes, the first is to extend the agreement to solidify and define the relationships between the Shires and the PHCC, and secondly to demonstrate a commitment to continue to work together to deliver these important community services through cash funding and/or other support. We look forward to continuing to work with our Hotham-Williams Shires and Community.

Landcare matters

Hotham-Williams sub-catchment update

Darminning (Ranford) Pool

Boddington locals will be familiar with the shady banks of the Hotham River at Darminning Pool, providing a popular swimming and picnic spot close to town.

In 2019, local community group Friends of the Reserves – Boddington (Inc) rejuvenated the area with the assistance from PHCC and the Shire of Boddington. Funding from South32 Worsley Alumina provided the means to stabilise the banks with rock walling, carry out revegetation and install a dedicated access point for swimming and canoeing. Darminning is one of the eight sites included in the Hotham-Williams River Action Plan (RAP) and is therefore earmarked for further restoration efforts, including the use of logs to stabilise the banks at other vulnerable locations, succession planting alongside the water's edge, and targeted weed control.

Pools provide an important refuge in the late summer months when salinity levels are particularly high. They are considered a 'refuge' because the species that are the least salt-tolerant can hang out there until the diluting winter rains arrive, and it's important that the form and functionality of pools are maintained for that reason. Threats to this include sedimentation, a drying climate and degradation of vegetation condition.

Darminning is part of the Hotham River Aboriginal Heritage site and is known to be a significant location throughout history for the Noongar people, from a mythological perspective as well as a social one, pools provided gathering places for people as well as sources of food and water.

Here is a reminder of all the RAP sites we have introduced you to so far in previous Landcare Matters articles if you want to go back and take a look! Visit our website for more information www.peel-harvey.org.au/phcc_publications/management-plan/

Wandering Community Fox Hunt Results

The results are in from the Wandering Community Fox Hunt which was held on the 17th of February.

The 65 participants have played an important role in reducing threats to threatened native fauna and stock.

- 219 foxes
- 12 feral cats
- 4 pigs
- 25 rabbits

PHCC were able to fund the breakfast through the Numbat Neighbourhood Project.

Thank you to all of the participants and the Wandering Community Fox Hunt committee.

BUSHFIRE RELIEF SUPPORT PROJECT

This event is to help support the communities affected by the catastrophic fires of February 2022.

This is a free evening supported by the Shire of Cuballing and hosted by Holyoak.

Topics that will be covered on the night:

- How people with increased levels of stress, anxiety, and anger present
- Coping Strategies
- Ways to check in with yourself and your mates
- How stress affects us physiologically and ways to manage it
- Breaking down barriers and the importance of reaching out for support
- Information on relevant local support structures
