AGENDA

for the

Ordinary Meeting of Council

to be held

3PM, WEDNESDAY 21 FEBRUARY 2024

Shire of Cuballing
CWA Hall
Campbell Street, Cuballing

COUNCIL MEETING PROCEDURES

1. All Council meetings are open to the public, except for matters raised by Council under “Confidential Matters”.
2. Members of the public may ask a question at an ordinary Council meeting at “Public Question Time”.
3. Members of the public who are unfamiliar with meeting procedures are invited to seek advice at the meeting. If unsure about proceedings, just raise your hand when the Presiding Member announces Public Question Time.
4. All other arrangements are in accordance with the Council’s standing orders, policies and decisions of the town.

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of Cuballing for any act, omission or statement or intimation occurring during Council/Committee meetings or during formal/informal conversations with staff. The Shire of Cuballing disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council/Committee meetings or discussions. Any person or legal entity who acts or fails to act in reliance upon any statement does so at that person’s or legal entity’s own risk.

In particular, and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or limitation of approval made by a member or officer of the Shire of Cuballing during the course of any meeting is not intended to be and is not taken as notice or approval from the Shire of Cuballing. The Shire of Cuballing warns that anyone who has an application lodged with the Shire of Cuballing must obtain and only should rely on WRITTEN CONFIRMATION of the outcome of that application and any conditions attaching to the decision made by the Shire of Cuballing in respect of the application.

KEY INFORMATION

▲ ▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to Note 16 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

BASIS OF PREPARATION

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 14 to these financial statements.

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

All debenture repayments were financed by general purpose revenue.

The Shire has no unspent debenture funds as at 30th June 2022, nor is it expected to have unspent funds as at 30th June 2023.

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

All lease repayments were financed by general purpose revenue.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Summary

Council is to consider the Statement of Financial Activity for January 2024.

Background

As per the Financial Management Regulation 34 each Local Government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1) (d), for that month with the following detail.

- The annual budget estimates,
- The operating revenue, operating income, and all other income and expenses,
- Any significant variations between year to date income and expenditure and the relevant budget provisions to the end of the relevant reporting period,
- Identify any significant areas where activities are not in accordance with budget estimates for the relevant reporting period,
- Provide likely financial projections to 30 June for those highlighted significant variations and their effect on the end of year result,
- Include an operating statement, and
- Any other required supporting notes.

OFFICER'S RECOMMENDATION:

That the Statement of Financial Activity, as included at Attachment 9.1.2A for the Shire of Cuballing for period ending 31 January 2024 be received.

9.2 CHIEF EXECUTIVE OFFICER:

9.2.1 Conduct of Local Government Extraordinary Election

Applicant:	Shire of Cuballing
File Ref. No:	ADM27
Disclosure of Interest:	Nil
Date:	25 January 2024
Author:	CEO- Stan Scott
Attachments:	9.2.1 A Local Government Election Time Table

Purpose

Council is asked to note the election date for a further extraordinary election and confirm the CEO's appointment as Returning Officer.

Background

Council appointed the Western Australian Electoral Commission (WAEC) to conduct the 2023 Local Government Ordinary Election. At the close of nominations only two nominations were received for the 3 vacancies. Both candidates were declared elected unopposed.

Council decided to undertake an extraordinary election on 16 December 2023 to fill the remaining vacancy.

There were two candidates for that election, and Cr Steve Sexton was elected.

Subsequently, but before the extraordinary election, Cr Julie Christensen resigned to take up a position in the Shire administration which created a further vacancy. Despite the fact that there are two candidates for the 16 December election it is not possible to fill the new vacancy from that election, and a new election was required.

The further extraordinary election was scheduled for 9 March 2023, with nominations closing on 25 January 2024. At close of nominations there were no nominations. Section 4.57 of the Act provides that if there are less candidates than vacancies that an Extraordinary Election must be scheduled. If there are less candidates than vacancies at the subsequent election Council may appoint someone to fill the vacancy.

Timing of Extraordinary Election

If the Election were to be conducted by the Shire of Cuballing it would have to be a voting in person election – only the WAEC can conduct postal elections.

Section 4.9 (1) of the Local Government Act provides that the date of the election may be fixed by Council or by the Shire President. Section 4.9 (2) requires that the date must allow sufficient time for the electoral requirements to be complied with and cannot be more than 4 months after the vacancy occurs. In this case the date of the vacancy is treated as the day of the close of nominations. So, the election must be before the 25th May 2024.

If the Election is conducted less than 100 days since the last electoral roll was declared we can, with the Electoral Commissioners permission, use the existing roll. The roll was certified on 16 January 2024, so to use that roll would require an election before 25th April 2024.

There is also a requirement that the election date be set within one month of the vacancy occurring. As the Ordinary Council Meeting (today) is within that one-month period Council is requested to set the election date.

With Easter, Anzac Day and Labour Day all falling within the next 2 weeks it is not really practical to hold an election prior to 25th April. It is proposed that the election be held on 4 May 2024. This means that none of the milestones (electoral rolls, nominations, election day) clash with public holidays, and advertising obligations align with Cuby News publication dates.

Statutory Environment

Part 4 of the Local Government Act 1995 sets out provisions for elections and other polls. The Local Government (Election) Regulations provide further guidance.

The legislation includes the following provisions.

- Only the WAEC may conduct postal elections;
- If the Local Government conducts the election it must be voting in person.
- CEO to be returning officer unless other arrangements made

If there are no candidates for the new extraordinary election Council may appoint someone to fill the vacancy.

Policy Implications - Nil

Financial Implications

The new extraordinary election will involve mostly staff costs, with some advertising costs for Statewide public notices.

Economic Implication - Nil

Environmental Considerations - Nil

Consultation

The CEO consulted with the Department to see if it was possible for the second candidate for the 16 December poll to be appointed to the new vacancy, but the Act does not permit it.

Voting Requirements – Simple Majority

OFFICER'S RECOMMENDATION:

That Council:

1. **Determines** that a Voting in Person Election be conducted on **2 May 2024**;
2. **Determines** that the election will be a voting in person election.
3. **Appoints** the CEO as Returning Officer
4. **Determines** that there will be a single polling place at the Shire Administration.

9.2.2 Strategic Community Plan – Final Adoption

Applicant:	Shire of Cuballing
File Ref. No:	ADM96
Disclosure of Interest:	N/A
Date:	13 February 2024
Author:	Stan Scott - CEO
Attachments:	9.2.2 A – Strategic Community Plan 9.2.2 B – Cuballing SCP – Companion Document

Summary

Council is requested to finally adopt a new Strategic Community Plan 2023-2033 and the associated Companion Document.

Background

Council started the process of developing a new Strategic Community Plan in October 2022. The concept for the plan was that all key information should be presented on a single A3 Sheet so that it may be folded into an A4 booklet. The Final version is presented for Council's adoption.

There were a number of different approaches used to collect community input.

Postcards were distributed to the community with the questions:

- What do you like most about living in Cuballing?
- Is there something you feel the Shire of Cuballing could do better?
- Do you have an idea or suggestion for the future of our community?

We held face to face community engagement sessions in each of Popanyinning and Cuballing. The engagement questions were replicated in an on line survey.

We had a number of community members involved in the Community Builders program, and feedback from their Community Opportunities Workshop was also considered.

Finally, a close to final version of the plan was advertised for public comment. There was no further feedback received as part of that process.

Discussion

The Community Strategic Plan is intended to be high level and succinct. It is supported by a companion document which is also presented for adoption.

It was intended that the Strategic Community Plan will allow Councillors staff and the community to be able to quickly understand the Council's key priorities, but would also be useful as a promotional document when dealing with government and stakeholder and seeking grants and funding.

The document presented for adoption is the final version of the Plan, and unless there is a fatal flaw, that the plan would be adopted without further changes.

Strategic Implications

The plan identifies goals and strategic priorities which will support action plans.

Statutory Environment

The Local Government (Administration) Regulations 1996 specify as follows:

19C. Strategic community plans, requirements for (Act s. 5.56)

- (1) A local government is to ensure that a strategic community plan is made for its district in accordance with this regulation in respect of each financial year after the financial year ending 30 June 2013.
- (2) A strategic community plan for a district is to cover the period specified in the plan, which is to be at least 10 financial years.
- (3) A strategic community plan for a district is to set out the vision, aspirations and objectives of the community in the district.
- (4) A local government is to review the current strategic community plan for its district at least once every 4 years.
- (5) In making or reviewing a strategic community plan, a local government is to have regard to —
 - (a) the capacity of its current resources and the anticipated capacity of its future resources; and
 - (b) strategic performance indicators and the ways of measuring its strategic performance by the application of those indicators; and
 - (c) demographic trends.
- (6) Subject to subregulation (9), a local government may modify its strategic community plan, including extending the period the plan is made in respect of.
- (7) A council is to consider a strategic community plan, or modifications of such a plan, submitted to it and is to determine* whether or not to adopt the plan or the modifications.

*Absolute majority required.
- (8) If a strategic community plan is, or modifications of a strategic community plan are, adopted by the council, the plan or modified plan applies to the district for the period specified in the plan.
- (9) A local government is to ensure that the electors and ratepayers of its district are consulted during the development of a strategic community plan and when preparing modifications of a strategic community plan.
- (10) A strategic community plan for a district is to contain a description of the involvement of the electors and ratepayers of the district in the development of the plan or the preparation of modifications of the plan.

Council planning is an area of focus for the next round of Local Government Reform. In some ways we are trying to anticipate the direction of these reforms. The proposed trajectory of reform is that there will be a requirement of service plans. While detail is still somewhat vague this may include the likes of our 10 year roads plan.

Our Heart, Our Home owes a debt of thanks to the community members who participated in its creation. The community engagement took place over February and March 2023, following a postcards campaign and a workshop with the Community Builders group. The Shire Council thanks all those who submitted postcards, took the survey, attended workshops and contributed as Community Builders.

Without you, this would have been a different plan.

The Plan has a ten year horizon, but will be updated every two years to ensure that implementation stays on track and the priorities stay relevant. The Corporate Business Plan will detail the first four years of delivering **Our Heart, Our Home**. Progress will be reported regularly to the community.

OUR COMMUNITY

- We are enjoying modest population growth.
- We're getting slightly older.
- Incomes are increasing.
- Unemployment is low - it is harder to fill jobs.
- We are phenomenal at volunteering, but mustn't take it for granted.

VISION

A charming rural community, in a unique part of the world, growing and prospering while protecting its natural environment.

Social

A place where people of all ages, abilities and stages of life are active and connected.

Economic

Business is thriving, with ample local employment, and opportunities for existing and new businesses to grow.

Natural Environment

The natural environment is protected, enhanced, and managed, and enjoyed by locals, and proudly shared with visitors.

Built Environment

People and goods can move easily in and around the Shire, which is well planned for community needs, respecting the past and building the future.

Governance

Forward thinking leadership, which listens and responds to community needs, with transparent and accountable decision-making.

OUR ECONOMY

Agriculture is the mainstay of the local economy. It provides just over half of the Shire's economic output and 62% of jobs.

Manufacturing is the second largest industry by economic output.

Construction is the third largest industry by economic output.

STRATEGIC PRIORITIES

Social

- Enhancing focus on emergency management (incl. dual use of Equestrian Centre for evacuation).
- Improving Cuballing Recreation Centre.
- Increasing community gatherings and spaces.

Economic

- Defining and developing Town Centres.
- Establishing a Light Industrial Area (LIA).
- Increasing tourism, particularly through trail development.
- Developing and promoting the equestrian sector.

Natural Environment

- Restoring the river at Popanyinning.
- Establishing Popanyinning wetlands.
- Reducing pests and weeds, working with Peel Harvey Catchment.
- Increasing native planting.

Built Environment

- Improving footpaths, linking aged units to Cuballing Town Centre.
- Upgrading major roads (esp. Wheatbelt Secondary Freight Network).
- Improving drainage.
- Increasing heritage protection and telling our story.

Governance

- Enhancing community information and engagement.

MESSAGE FROM THE PRESIDENT

Welcome to the Shire of Cuballing's Strategic Community Plan. This plan has been developed with the aim of providing a clear direction for the future, while addressing the current and emerging opportunities for positive change.

We have a strong community, and are rightly proud of our beautiful environment, caring nature, and prosperity. We are able to enjoy our unspoilt rural lifestyle with access to a wide range of services and amenities in our nearby regional centre.

The plan builds on this enviable foundation to focus on improvements that have been identified through extensive consultation with our community, ensuring that it is reflective of local needs and priorities.

I want to thank everyone who has contributed to the development of this Plan. We are committed to working collaboratively with our community in its implementation and to create the best possible future for all. This plan aims to inspire and guide us all as we work towards our shared goals and aspirations.

Cr Eliza Dowling
President, Shire of Cuballing

INTRODUCTION

The Strategic Community Plan sets out the community’s vision and priorities for the future, and the key strategies we will focus on to achieve our aspirations. The purpose of the plan is to:

- guide Council’s medium-term plans and annual budgets
- provide the basis for working with our community and partners to achieve the vision
- enable us to pursue funding by demonstrating how projects align with the aspirations of our community and the strategies outlined in the plan
- provide a framework for monitoring progress

This plan was developed by Council as part of Western Australia’s Integrated Planning and Reporting (IPR) framework (see below). A summary of the draft plan was adopted by Council on 19 July 2023. It was open for public comment in August and September 2023. Following community feedback, the summary plan and this companion document was finalised and adopted by Council at the Ordinary Council Meeting on 21 February 2024.

It will be reviewed again in 2026. This is scheduled to be a minor review.

INTEGRATED PLANNING AND REPORTING (IPR) FRAMEWORK

The Western Australian Integrated Planning and Reporting (IPR) Framework is shown in the diagram below. Its purpose is to ensure that Council’s decisions take the community’s views into account and deliver the best results possible within available resources. All local governments in Western Australia follow the IPR Framework.

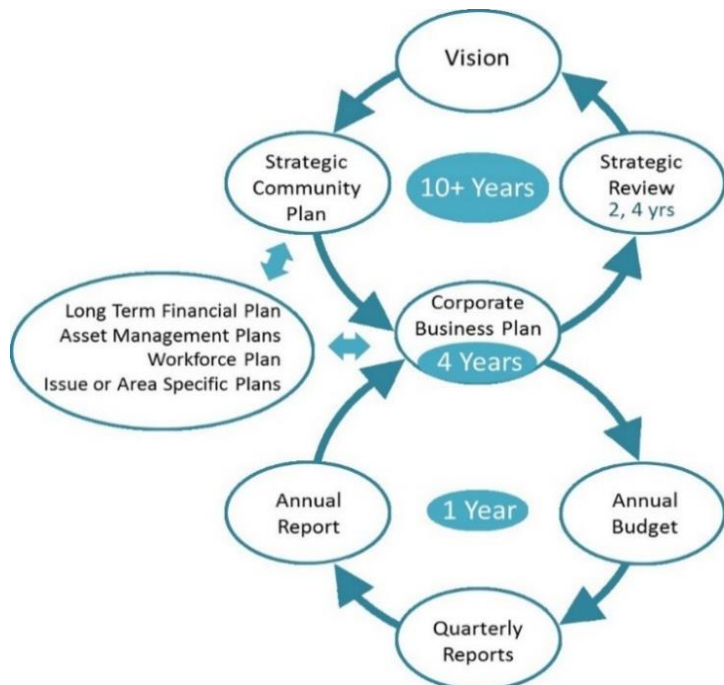

The Planning Cycle

The Strategic Community Plan sets the scene, showing the long-term vision, priorities, objectives and strategies for change. It is a ten-year plan. However, it is not fixed for ten years – it would be long out of date by then. Rather, it is a “rolling” plan which is reviewed every two years, as shown in the figure below. The two-yearly reviews alternate between a minor review (updating as needed) and a major review (going through all the steps again). The plan is continuously looking ahead, so each review keeps a ten-year horizon.

The detailed implementation for the first four years is covered in the Corporate Business Plan. The Long Term Financial Plan, Asset Management Plans and Workforce Plan show how the Plan will be managed and resourced.

The Annual Budget relates to that year’s “slice” of the Corporate Business Plan, with any necessary adjustments made through the Annual Budget process.

COMMUNITY ENGAGEMENT

Overview

The engagement was conducted over February and March 2023, following a mail-out campaign and a workshop with the Community Builders group. Staff and Council workshops set the scene by reviewing progress, considered challenges and opportunities, and identified key questions for the community.

The purpose of the engagement was to gain a clear understanding of the community's vision and priorities.

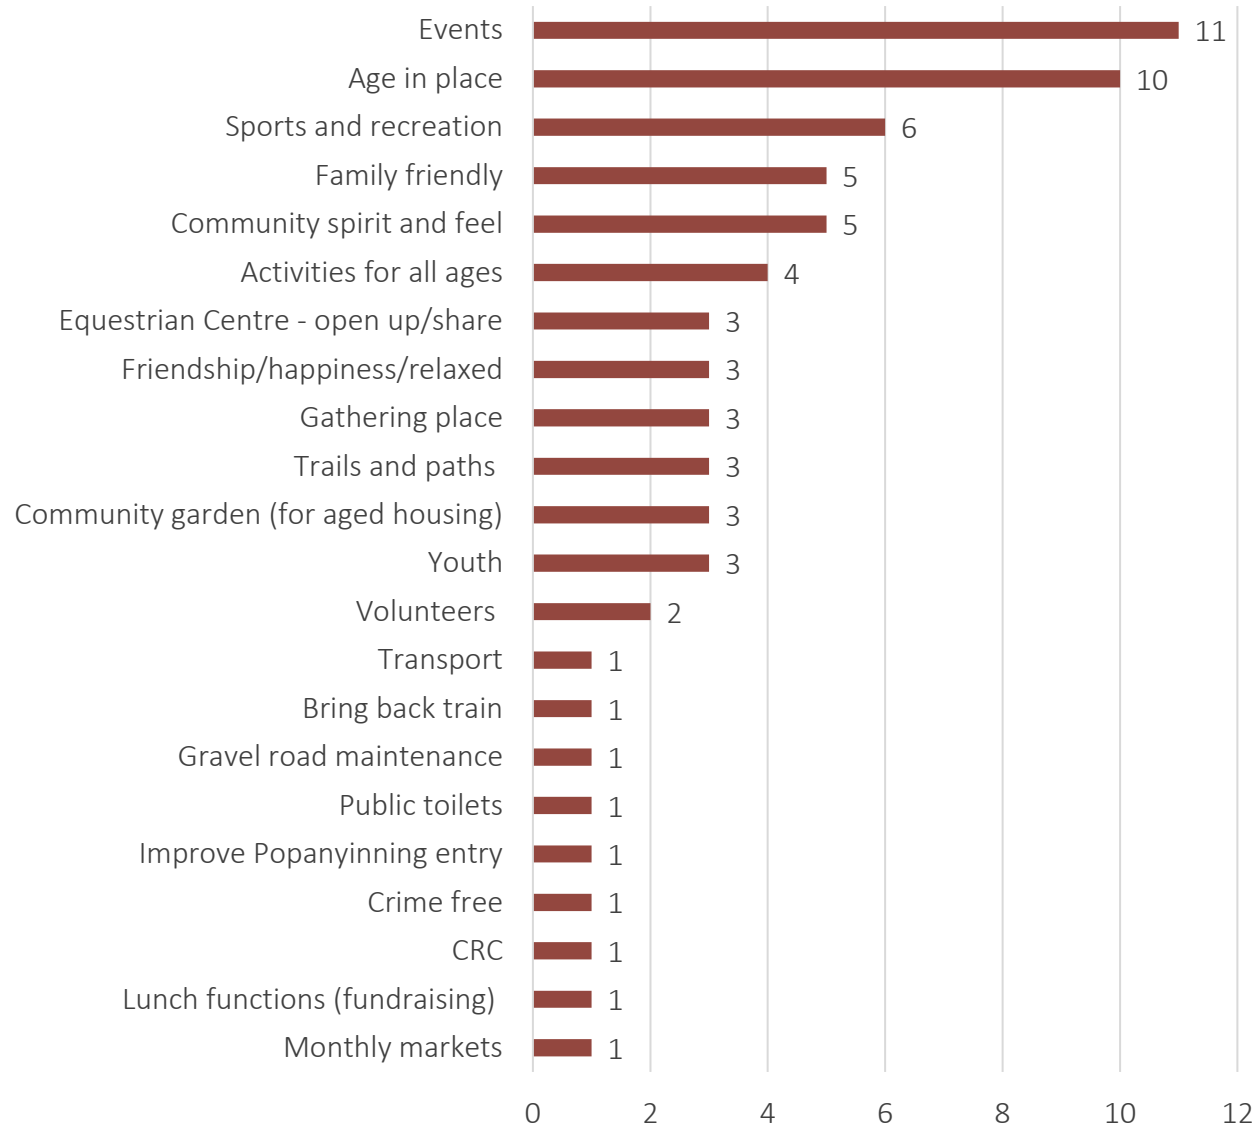

The engagement included postcards, engagement with Community Builders, community workshops in Popanyinning and Cuballing, and online engagement.

The engagement schedule and participation figures are shown below.

In addition, a summary of the draft Strategic Community Plan was open for community feedback in August and September 2023, and no submissions were received.

COMMUNITY VISION, GOALS AND PRIORITIES

The Council considered all the community engagement results and distilled the following vision, goals and ten year priorities.

Community Vision

A charming rural community, in a unique part of the world, growing and prospering while protecting its natural environment.

Goals

THEMES	GOALS
Social	A place where people of all ages, abilities and stages of life are active and connected.
Economic	Business is thriving, with ample local employment and opportunities for existing and new businesses to grow.
Natural Environment	The natural environment is protected, enhanced and managed so that it can be enjoyed by locals and proudly shared with visitors.
Built Environment	People and goods can move easily in and around the Shire, which is well planned for community needs, respecting the past and building the future.
Governance	Forward thinking leadership, which listens and responds to community needs and has transparent and accountable decision-making.

Strategic Priorities

Each theme has several strategic priorities feeding into it, as shown in the table below. While current activities and service levels will continue over the short to medium term in many cases, the priorities show what the Shire will focus on over the coming years. They will be reflected in key projects and drive Annual Budgets. There will be regular reporting on implementation progress and the success measures on pages 20-21. These priorities will be updated every four years as the Plan is reviewed and refreshed.

ACHIEVING THE VISION

The Shire's Roles

Local governments operate under Statute but also have some discretion. The primary roles of the Shire are outlined below.

Delivery of Facilities and Services

This includes parks and gardens, roads, footpaths, drainage, waste management, sport and recreation facilities, library, events, and support for community groups. Some of those services are based on assets, for instance roads and buildings. Maintenance and renewal of assets is a vital part of the Shire's role.

Regulation

Local governments have specific regulatory responsibilities that are essential for community wellbeing. For example, they have a regulatory role in public health (e.g. licensing and monitoring food premises), the appropriateness and safety of new buildings, and the use of land. These areas are subject to regulation to ensure a minimum standard is adhered to, as well as to minimise the potential to impose costs or adverse effects on others (e.g. food poisoning or injuries). Balancing the rights of those wishing to operate and the rights of those who may be affected or consider themselves to be affected can be challenging.

Facilitation, Influence and Advocacy

In some cases, the Shire enables or facilitates services to be provided by others or in partnership with the Shire rather than directly providing or funding the service (for example facilitating community care efforts through volunteer programs etc). Influencing the decisions of others who do or can contribute to positive community outcomes in the Shire is an important role. Advocacy to regional agencies, the Federal and State Government and other agencies for recognition, funding, policy or planning support is a good example.

Civic Leadership

Good governance and leadership plays a central role in signalling community confidence in its future, building and supporting leadership within the community, attracting people to the Shire and the town, and positioning the community to leverage external funding and investment.

The Shire's Services

The Shire's services are outlined in the table below. They have been grouped into the theme they fit the best with, while recognising that many of them contribute to more than one goal.

The Shire's Services

Financial Implications

The Shire of Cuballing Council sets its budget each year to implement the Strategic Community Plan, within its financial capacity. It carefully balances the financial impact of rates on the community, as well as the benefits of delivering the community's aspirations. At the same time, it takes into account the Shire's long term financial position, for example by maintaining reserves for necessary future capital works.

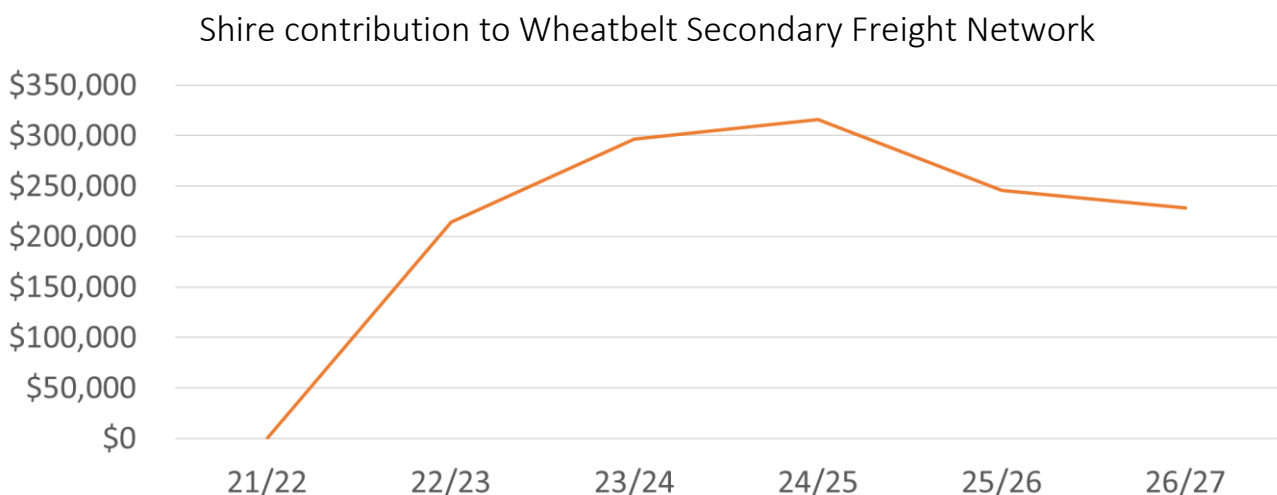

In addition, the Shire pursues external grant funding as much as possible, and exercises stringent financial prudence to ensure that expenditure is controlled within a 'value for money' procurement framework, and rigorous project management.

During the period of this plan, there is an extraordinary investment in the Wheatbelt Secondary Freight Network (WSFN).

This represents a major opportunity to upgrade key parts of the road network. The Shire will get over four times its usual funding for road projects. Nearly 80% of all road funding and over 50% of the Shire's total revenue will be from WSFN.

On the other hand, the Shire must contribute 6.7% towards the costs, which amounts to around \$200k - \$300k pa (see graph below). This is an increase in the Shire's expenditure on roads of 8% - 13%. It will reduce the Shire's capacity to do other things over this period.

The project requires a substantial amount of Shire staff time. New staff will be employed, which will be funded out of the WSFN revenue. This will also help the Shire to keep up with its basic obligations like parks and gardens, building maintenance, ratepayer response, verges, and potholes etc.

Summary

Council is to consider adoption of the 2021-22 Annual Report.

Background

AMD, as appointed contractor for the Officer of the Auditor General (OAG), has completed their final Audit of Council's functions and operations for the 2022-23 Financial Year. This report was received by the Audit Committee and Council at the December 2023 round of meetings.

Comment

The Shire of Cuballing's 2022-23 Independent Auditor's Report was received on 8 December 2023. The 2022-23 Independent Auditor's Report is included as part of the 2022-23 Annual Report, together with the Audited Financial Statements.

The 2022-23 Audit has been conducted in accordance with the Australian Audit Standards to ensure that during the reporting period the Shire of Cuballing complied with all statutory requirements, including the *Local Government Act 1995*, associated Regulations and applicable accounting standards.

The Shire of Cuballing Annual Report for 2022-23 has now been completed and is ready for adoption.

Council is required to hold an Annual Electors Meeting within 56 days of accepting the Annual Report and give at least 14 days local public notice of the date, time and place for the Annual Electors Meeting. It is proposed to hold the Annual Electors Meeting following the March 2024 Ordinary Council Meeting at 6.00pm on Wednesday 20 March 2024.

Strategic Implications

The Annual Report provides the opportunity to report to the community on Council's progress and achievements.

Statutory Environment

Local Government Act 1995

5.27 Electors' general meetings

- (1) A general meeting of the electors of a district is to be held once every financial year.

- (2) A general meeting is to be held on a day selected by the local government but not more than 56 days after the local government accepts the annual report for the previous financial year.
- (3) The matters to be discussed at general electors' meetings are to be those prescribed.

5.29 Convening electors' meetings

- (1) The CEO is to convene an electors' meeting by giving —
 - (a) at least 14 days' local public notice; and
 - (b) each council member at least 14 days' notice, of the date, time, place and purpose of the meeting.
- (2) The local public notice referred to in subsection (1)(a) is to be treated as having commenced at the time of publication of the notice under section 1.7(1)(a) and is to continue by way of exhibition under section 1.7(1)(b) and (c) until the meeting has been held.

5.53 Annual reports

- (1) The local government is to prepare an annual report for each financial year.
- (2) The annual report is to contain —
 - (a) a report from the mayor or president;
 - (b) a report from the CEO;
 - [(c), (d) deleted]*
 - (e) an overview of the plan for the future of the district made in accordance with section 5.56, including major initiatives that are proposed to commence or to continue in the next financial year;
 - (f) the financial report for the financial year;
 - (g) such information as may be prescribed in relation to the payments made to employees;
 - (h) the auditor's report for the financial year;
 - (h(a)) a matter on which a report must be made under section 29(2) of the *Disability Services Act 1993*;
 - (h(b)) details of entries made under section 5.121 during the financial year in the register of complaints, including —
 - (i) the number of complaints recorded in the register of complaints;
 - (ii) how the recorded complaints were dealt with; and
 - (iii) any other details that the regulations may require; and
 - (i) such other information as may be prescribed.

5.54 Acceptance of annual reports

- (1) Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.

* *Absolute majority required.*

- (2) If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.

5.55 Notice of annual reports

The CEO is to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government.

Local Government (Administration) Regulations

Division 2 — Annual reports

[Heading inserted: Gazette 26 Aug 2011 p. 3483.]

19B. Information to be included in annual report (Act s. 5.53(2)(g) and (i))

- (1) In this regulation —
remuneration has the meaning given in the *Salaries and Allowances Act 1975* section 4(1).
- (2) For the purposes of section 5.53(2)(g) and (i), the annual report for a financial year beginning on or after 1 July 2020 must contain the following —
