Shire of Cuballing – Ordinary Council Meeting

MINUTES

Wednesday 20 November 2024
3.00 pm
Cuballing CWA Hall

M O D E R N

1. All Council meetings are open to the public, except for matters raised by Council under “Confidential Matters”.
2. Members of the public may ask a question at an ordinary Council meeting at “Public Question Time”.
3. Members of the public who are unfamiliar with meeting procedures are invited to seek advice at the meeting. If unsure about proceedings, just raise your hand when the Presiding Member announces Public Question Time.
4. All other arrangements are in accordance with the Council’s standing orders, policies and decisions of the Shire.

D I S C L A I M E R

No responsibility whatsoever is implied or accepted by the Shire of Cuballing for any act, omission or statement or intimation occurring during Council/Committee meetings or during formal/informal conversations with staff. The Shire of Cuballing disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council/Committee meetings or discussions. Any person or legal entity who acts or fails to act in reliance upon any statement does so at that person’s or legal entity’s own risk.

In particular, and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or limitation of approval made by a member or officer of the Shire of Cuballing during the course of any meeting is not intended to be and is not taken as notice or approval from the Shire of Cuballing. The Shire of Cuballing warns that anyone who has an application lodged with the Shire of Cuballing must obtain and only should rely on WRITTEN CONFIRMATION of the outcome of that application and any conditions attaching to the decision made by the Shire of Cuballing in respect of the application.

Shire of Cuballing Strategic Community Plan 2023-2033

Our Heart, Our Home

VISION

A charming rural community, in a unique part of the world, growing and prospering while protecting its natural environment.

GOALS

Social

- ☑ A place where people of all ages, abilities and stages of life are active and connected.

Economic

- ☑ Business is thriving, with ample local employment, and opportunities for existing and new businesses to grow.

Natural Environment

- ☑ The natural environment is protected, enhanced, and managed, and enjoyed by locals, and proudly shared with visitors.

Built Environment

- ☑ People and goods can move easily in and around the Shire, which is well planned for community needs, respecting the past and building the future.

Governance

- ☑ Forward thinking leadership, which listens and responds to community needs, with transparent and accountable decision-making.

STRATEGIC PRIORITIES

Social

- ☑ Enhancing focus on emergency management (incl. dual use of Equestrian Centre for evacuation).
- ☑ Improving Cuballing Recreation Centre.
- ☑ Increasing community gatherings and spaces.

Economic

- ☑ Defining and developing Town Centres.
- ☑ Establishing a Light Industrial Area (LIA).
- ☑ Increasing tourism, particularly through trail development.
- ☑ Developing and promoting the equestrian sector.

Natural Environment

- ☑ Restoring the river at Popanyinning.
- ☑ Establishing Popanyinning wetlands.
- ☑ Reducing pests and weeds, working with Peel Harvey Catchment.
- ☑ Increasing native planting.

Built Environment

- ☑ Improving footpaths, linking aged units to Cuballing Town Centre.
- ☑ Upgrading major roads (esp. Wheatbelt Secondary Freight Network).
- ☑ Improving drainage.
- ☑ Increasing heritage protection and telling our story.

Governance

- ☑ Enhancing community information and engagement.

The Shire of Cuballing maintains a policy on the Management of Public Question Time. The policy is available in full in the Shire Policy Manual which can be found on the Shire's website:

www.cuballing.wa.gov.au

Some of the notable provisions are:

- 1 Persons are encouraged to provide a written copy of their question.
- 2 Public question time will be limited to two minutes per member of the public, with a limit of two questions per member of the public.
- 3 Statements are not to precede the asking of a question during public question time.
- 4 Public question time will be limited 15 minutes. It may be extended in intervals of up to ten minutes by resolution of the Council, but the total time allocated will not exceed forty-five (45) minutes in total.
- 5 Questions are to be directed to the Presiding Member and should be asked politely in good faith and are not to be framed in such a way as to reflect adversely or be defamatory on a particular Elected Member or Shire employee. The Presiding Member shall decide to:
 - Accept or reject any question and his/her decision is final.
 - Nominate a member of the Council and/or Shire employee to respond to the question.
 - Take a question on notice. In this case a written response will be provided as soon as possible and included in the agenda of the next Council meeting.
- 6 Where an elected member is of the opinion that a member of the public is:
 - asking a question at a Council meeting, which is not relevant to the operations of the Shire of Cuballing; or
 - making a statement during public question time.they may bring it to the attention of the meeting.
- 7 Questions and any response will be summarised and included in the minutes of the Council meeting.
- 8 Public Question Time should be used as a means to obtain information that would not be made available if it were sought from the Shire's records under *Section 5.94* of the *Local Government Act 1995* or the *Freedom of Information (FOI) Act 1992*.
- 9 Where the response to a question(s) would require a substantial commitment of the Shire's resources, the Chief Executive Officer (CEO) will determine that it is an unreasonable impost upon the Shire and refuse to provide it. The CEO will advise the member of the public that the information may be sought in accordance with the FOI Act 1992.
- 10 Responses to questions not submitted in writing are provided in good faith and as such, should not be relied upon as being either complete or comprehensive.

KEY INFORMATION

▲▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to Note 15 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

BASIS OF PREPARATION

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to these financial statements.

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

All debenture repayments were financed by general purpose revenue.

The Shire has no unspent debenture funds as at 30th June 2023, nor is it expected to have unspent funds as at 30th June 2024.

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

The site is zoned 'Rural Residential' in the *Shire of Cuballing Local Planning Scheme No. 2* (LPS2). LPS2 sets a 10m side setback standard in the Rural Residential zone. Clause 34 of LPS2 enables the Shire to vary site and development requirements including setbacks where it is satisfied that the development will not have a significant adverse effect on occupants in the locality.

Council's Outbuildings Policy is set out in Attachment 9.2.1C.

The property is within a bushfire prone area.

Comment

While noting the application is inconsistent with a component of Council's Outbuilding Policy, due to the floor area, the Development Application is conditionally supported. This follows assessment against the planning framework, information provided by the applicant, the size of the property and site characteristics. Conditional approval is recommended given:

- The outbuilding is considered compatible with its setting in terms of height, bulk, scale, orientation and appearance.
- The outbuilding will not detract from the streetscape given it is located approximately 100m from the front boundary (Clifford Street) and is screened by existing buildings.
- There will be no overshadowing onto neighbouring dwellings.
- Consent letters were received from two neighbours; and
- Recommended development conditions and advice can assist to address any possible amenity considerations.

Policy Implications

Local Planning Policy – Outbuildings

Local Planning Policies are non-statutory documents which provide guidance to assist the Council in its decision making. Accordingly, the Council is not bound by the policy but is required to have regard to the policy in determining the Development Application.

Approval of the Development Application creates a precedent. It is however understood there are various existing Zincalume clad outbuildings, larger than 85m², on Rural Residential zoned lots.

It is recommended that the Outbuildings Policy be reviewed and updated.

Financial Implications

All costs associated with the development will be borne by the applicant. Should the applicant be aggrieved by Council's decision, the applicant may seek a review of that decision or conditions through the State Administrative Tribunal.

The applicant has provided signed consent letters from two neighbours.

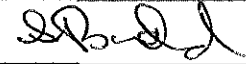

Options

The Council can:

1. Approve the Development Application with no conditions.
2. Approve the Development Application with conditions.
3. Refuse the Development Application (providing reasons); or
4. Defer and seek additional information.

LOCAL PLANNING POLICY OUTBUILDINGS

Within all Rural Townsite and Rural Residential zoned land and on General Agricultural zoned lots with an area of 2ha or less, planning approval may be granted to outbuildings appurtenant to any dwelling, provided all boundary setbacks and building separation requirements have been complied with, the building is of single storey construction, located behind any dwelling on site and provided the proposed development complies with the following:

- (a) In the Rural Townsite and Rural Residential zones of the Shire, where the lot size is 1500m² or less in area:
 - (i) Zinalume construction, where the total outbuilding does not exceed 55m² in floor area;
 - (ii) Colourbond construction, where the total outbuilding does not exceed 65m² in floor area;
 - (iii) Masonry construction and/or where the total outbuilding area has walls constructed of the same materials and appearance as the house and does not exceed 75m² in floor area and no parapet wall is greater than 8 metres in length.
- (b) In Rural Townsite and Rural Residential zones of the Shire where the lot size is over 1500m² or on General Agricultural zoned lots with an area of 2 ha or less;
 - (i) Zinalume construction, where the total outbuilding does not exceed 85m² in total floor area;
 - (ii) Colourbond construction, where the total outbuilding does not exceed 120m² in total floor area;
 - (iii) Masonry construction and/or where the total outbuilding has walls constructed of the same materials and appearance as the house and does not exceed 170m² in total floor area.
- (c) Wall height of any outbuildings not to exceed 3 metres. In the case of gable roof construction, the maximum height is not to exceed 4 metres.
- (d) Prior to the considering a parapet wall construction on any boundary, the applicant will present to Council with written agreement to the same by any affected adjoining landowner.
- (e) The applicant providing the Local Government with a written undertaking that the outbuilding constructed will only be used for the purpose permitted within the zone in which it is located, under the provisions of the Scheme.

- (f) Any application for planning approval which does not comply with the above shall be referred to Council for consideration.
- (g) No planning approval will be granted for any outbuildings on any Rural Townsite or Rural Residential zoned lot which does not contain a residence.
- (h) Setbacks from boundaries for Outbuildings
 - (i) If attached to the dwelling the setbacks for an outbuilding shall be a minimum of 1.0 metre from side boundaries with eaves not closer than 0.75 metres to a side boundary in the Rural Townsite Zone. Setback to the rear boundary shall be as specified in the Residential Design Codes for Rural Townsite zoned lots and/or a minimum of 10 metres for Rural Residential zoned land.
 - (ii) If detached from the dwelling, outbuildings shall be at least 1.8 metres clear of the dwelling with a minimum setback of 1.0 from the side boundary and 1.2m from the rear boundary in the Rural Townsite Zone and shall be a minimum of 10 metres rear setback in the Rural Residential Zone.

9.2.2 Christmas/New Year Administration & Works Depot Closure

Applicant: Shire of Cuballing – CEO’s Office
File Ref No:
Disclosure of Interest: All Shire staff
Author: Chris Paget – Chief Executive Officer
Attachments: Nil

1. Purpose

The purpose of this report is for Council to consider the closure of the Shire Administration Office and Works Depot for the 2024/2025 Christmas and New Year period. An early decision will inform the community well in advance of the office closure and thus allow residents to make appropriate arrangements to meet their needs.

2. Council Policy

Council Policy 1.6 states that “Council will not provide services from the Shire Administration Centre from the period commencing on Christmas Day each year until and including the New Year’s Day public holiday. In addition, should there be only 1 day following the New Year’s Day Public Holiday to a weekend, Council will extend the closure to include that day.”

Both Christmas Day and New Year’s Day fall midweek on a Wednesday in December 2024 and January 2025. As it is not anticipated that there will be much, if any, contact from residents and customers across first few days of the new year, Council approval is sought to extend the normal closure period for the two business days being Thursday 2nd and Friday 3rd of January 2025; reopening on Monday 6th January 2025.

From consulting with our staff, past history has shown that during this period the Administration Centre experiences very little contact from the public and the number of enquiries and transactions during this period have been extremely low. The closure of the office will allow staff to have a slightly extended period of leave (including the designated public holidays). The Works Depot crew also normally take their leave during this period, and as always there will be staff available on call to attend to any operational matters or significant emergencies that may arise. The proposed slightly longer closure for this year is expected to have no negative effect on the operations of the Shire nor cause any inconvenience to the public.

A majority of our staff members will be applying (or have already applied) for leave on these days. In line with Council policy, all staff taking time off during the period will need to utilise either annual leave or rostered days off; these additional days also allow us to reduce some of the accrued staff leave liability we have on our books.

As with the previous years, the closure period will be advertised on the front counter, public notice boards, Shire website/Facebook pages and in the Cuby News in order to give customers the opportunity to complete business or licensing prior to the Christmas break. The normal closure in previous years has been found to be of very little inconvenience to the public. The advertising will also include the on-call emergency contact numbers.

3. Financial Implications

1.6 Shire Administration Services – Christmas/New Year Period

3.1 Staff Costs

As staff will be using public holidays as provided by the award, rostered days off, annual leave or unpaid leave to cover this time, there will be no additional cost to Council.
